He Looking At? Von Ingrid Stephanie Jordan 5 Stars Title: Healed Series: True Mates: Book 3 Author: Olivia Arran Reviewer: (Ingrid) Stephanie Jordan #Paranormal My Goodness here we go again book 3 is not an exception, it another phenomenal read. Of course it's a Must Read Series and Book... Amanda Smithrock is a wolf shifter, her Great Uncle Colin's Pack when his son, Eric kill him, then James killed Eric consequently the pack now belongs to James but he doesn't want it. So he appointed Amanda as proxy so basically she's the Alpha now. Her work is cut out for them there is a traitor in the pack, they just don't know who they are, they'll find them and when they do, and they want to get back together again everybody help each other. Tarq Colstone knew what he had to do first he was Amanda's Beta which he wanted. When Eric killed her Great Uncle she was devastated crying into Tarq's folded arms helping to consol. That's when he realized she has been there under his nose this whole time, Amanda Smithrock was his True Mate. I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung Love is irrelevant when choosing a mate Wolf shifter Amanda Smithrock has to prove to her new pack that she is worthy of being their Alpha. With a strong Beta by her side, that shouldnt be a problem right? Except, the Beta in question is Tarq. Funny, easygoing, with a lazy drawl and the most perfect set of abses driving her crazy. And hes her true matesomething shes vowed never to accept. With a traitor to uncover and an abused pack to heal, Amanda has her work cut out for her. Can she keep her mind on the task, or will her distraction prove deadly? I might be easygoing, but I can be stubborn too Wolf shifter Tarq Colstone is right where he wants to be, as Amandas Beta he can keep a close eye on her protecting her from any threats while continuing his seduction. But his future mate is resisting him, pushing him away at every opportunity. Can he convince her that they are meant to be together, or has he met his match in this strong-willed Alpha she-wolf? As dark secrets are revealed and heartbreak is uncovered, can this headstrong couple accept the past and move on or will it own their souls, and hearts, forever? **This book comes complete with a Happy Ever After** It is recommended that you read this series in order, starting with Promised: True Mates Book 1.
