If youre looking for a great read, full of romance, hot and steamy love scenes as well as an awesome story, youve found it.Von D.E. Haggerty~ My Review of Healing Eden ~Healing Eden is the second book in the Eden Series. I loved the first book and couldnt wait to get my hands on this one. Its important to note that this book cannot be enjoyed as a stand-alone. Youll simply miss too much of the back story. Although Morgan does a decent job of reminding the reader of

important aspects, there are many clues in the first book, which are necessary to truly enjoy this one (some clues still haven't come to fruition). FYI: Unexpected Eden totally rocked so it's not a chore or anything. I loved Reese and Galena. It took a while for Galena to come out of her shell, but when she did watch out! You go girl! It took Reese a while (like years and years), but when he manned up he manned up! I'm totally in love with the guy. Once he admits to his past mistakes, he makes it clear that he will do absolutely anything for those he loves. \*Swoons\* The sex is some of the best that I've read. Seriously sizzled. The story is why I fell in love with the fantasy genre a few years back. It's a whole new world to explore and forget about your own world for a few hours. Morgan is a great writer. The story flows well and is nearly unputdownable (yeah, that's a word now). If you're looking for a great read, full of romance, hot and steamy love scenes as well as an awesome story, you've found it.

**Kurzbeschreibung**In a world divided by war, falling in love is the ultimate betrayal. Galena Shantos has never questioned her loyalty to Eden. As sister to the Myren king, she serves as a healer, one of the best in the army fighting to suppress the brutal Lomos Rebellion. She's never doubted the importance of stopping the rebels bent on enslaving humans, until she spots a warrior across enemy lines and knows instinctively that their destinies are entwined. . . Rebellion warrior Reese Theron has nothing left to lose. He's been forced to fight on the wrong side of a war he abhors in order to protect his family secret. His honor lost, as well as the trust of his own people, Reese has thrown himself into a battle he cannot possibly hope to survive. But after being rescued by a beautiful woman whose exquisite eyes seem to see him for more than the traitor he's become, he may have just found a new reason to live. .
