**Von Carol Rose : Healing His Heart (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Healing His Heart (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. More like screwing his head on straight than healing his heart Von Kindle Junkie The synopsis pretty much tells the story, however, I did not see Julia struggling "even more to get him out of her mind when she learns about Caleb's past". Rather, she tries to help him overcome his past and shed his feelings of guilt. Then she suffers when he leaves. There

isn't too much description of how their relationship develops - very few "date" situations. But overall a short, enjoyable read.

Kurzbeschreibung  
New contemporary romance by the author of the bestselling romance 'Always'  
Doctor Julia Adams has dreamed of building a log home, but contractor Caleb Hayden has made it clear that he doesn't want her to come by her own project! It doesn't help that Caleb is hot and muscled and she thinks about him way too much. Caleb's just as attracted to the beautiful blonde doctor, but he's got regrets in his past that keep him from trusting any choice he'd make. Although he's moved on to building log homes, Caleb was once a physician himself, until he missed the signs of a fatal illness in a woman he no longer wanted to date. Unable to forgive himself, Caleb knows he should just stay away from sexy Dr. Adams. Julia dove into medical school, grieving her own lost love, and she's not taken the time to get close to anyone else. But the sexy, virginal doctor can't resist her hunky contractor and struggles even more to get him out of her mind when she learns about Caleb's past. They find redemption in the least-likely place.----Here's what reviewers are saying about this medical romance: Heart-felt romance by Carol Rose with wonderful slightly flawed characters, which makes them even stronger.--5 star I would recommend Carol Rose to anyone who likes contemporary romance.--5 star Start reading this free contemporary romance on your Kindle now!
