InterestingVon AnelavaI am amazed by Lizzy's talent and her ability to come up with new ideas and characters. This time she takes the reader into the world of (Arch)Angels, Demons and Fallen (Guardian) Angels and a few Spirit Guides, some humans are also thrown into the mix.The story starts a bit slow for my liking but it gives the reader an opportunity to get acquainted with all main and important characters: Amira, Kaylee, Nathan and so on. There is one main storyline: Shadowman is trying to collect the keys to open the gates to Hell, but it is actually woven out of several minor story lines. It's a third-person narration, so we observe how the situation develops first from Amira's POV, who is a 1st generation angel in a human body and one of the key holders, then we get introduced to sexy and gorgeous Nathan, a 3000 and some year old Spirit Guide and also Kaylee, an oblivious human who sees strange shadows and feels being watched. Due to several events they meet together at one point of the story with one goal to

prevent Shadowman from getting ahold of the keys. How they can do this seems to be a bit of a problem, since Shadowman is apparently not just any demon and though evil, he is connected to an innocent Kaylee. The best way to get rid of the evil being is through its host, but then there is that mess of feelings developing between Nathan and Kaylee. And not to forget some rebellious groups with their own agenda but who may or may not work against Nathan's plans. I liked the book. The storyline is intriguing and keeps you on your toes. There are twists and turns with new characters and story lines popping up. At the very beginning it was also a bit of a reading problem for me, since I am used to mainly one or at the most two POVs but here you have to deal with multiple narrations. At some point I forgot who Kaylee was. Then the whole mythology thing was a bit complicated with what is a first gen or Spirit Guide, but once you figure it out it's a great read. There are so many characters. I couldn't connect with Nathan. I am not really fond of him. I understand he is more than 3000 year-old dude and has some skeletons in his past but still some moves he pulls off in Kaylee's regard are just dick moves. I liked Kaylee's development throughout the book: she is a bit of a little mouse at the beginning but then manages to grow a pair. I have mixed feeling towards Amira. I can't decide whether I like her or not. Her actions are bit confusing. What I found interesting is that Amira is one of those (super)heroes who though having a disability (she is deaf) manage to do everything or at least give their best to save the world. I loved Eddie, he is actually on the bad side but he is fun and easy-going. Zyra is an evil woman who is actually on the right side but she has wrong goals. There is also Troy, a great lovable character. Then, there is Shadowman, and though he is an evil one he is also kinda sweet with all that protection stuff. I can't wait to read the second installment and see how the story goes for our OTLs ;)\*ARC provided in exchange for an honest review

KurzbeschreibungIts only the end of the world at stake Nathans job for the past three thousand years has been to clean up supernatural messes. Jaded, ruthlessly effective and selfless, hes seen it all and can handle anything - demons, homicidal angels, even bad bosses. His latest challenge: A creature named Shadowman is seeking out the three keys it believes will open portals between earth and hell. Nathan must eliminate the human host guiding Shadowman to the keys. Except Nathan isnt expecting the woman anchoring Shadowman to the human world to be beautiful, witty, innocent and completely unaware of the creature manipulating her. Worse, she makes him feel alive for the first time in his long existence, and he haphazardly discovers shes meant to become the love of his life. Life becomes more complicated when Nathan helps rescue one of the key holders, a deaf girl charged with protecting the secret of who Shadowman really is: the first of four demons headed to the human world, intent on bringing about the Apocalypse. They will succeed, unless Nathan kills the woman he loves, and sends the demon back to Hell.
