Von Jennifer Melzer : Heart and Home (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Heart and Home (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. GutVon Isabella NortonIch mag dieses Buch sehr. Die Geschichte ist sehr einfhlsam erzht. Mir gefllt vor allem, dass sie das ruhige Leben auf dem Land nicht idealisiert. Sie setzt sich kritisch damit auseinander was junge Leute aus ihrer Heimat treibt, aber auch was sie wieder zurck bringen kann. die Liebesgeschichte ist sehr gut erzht. Ich kann diese

Autorin empfehlen. Ich werde sicher andere Bücher von ihr lesen

Kurzbeschreibung***99 cents for a limited time***When reporter Janice McCarty left the small town of Sonesville after graduating high school, she vowed never to return. A late-night phone call eight years later and she has no choice but to go back to lay her mother to rest. Feeling out of place in the town she once called home, and adamant about returning to the big city as soon as possible, Janice's life is further complicated by former football star, Troy Kepner, who seems to show up every time she needs a knight in shining armor. Like her, Troy knows what it's like to have big dreams. He sacrificed everything to run the family farm after his dad died. Now he's got his sights set on the girl who got away. And just when she thought it couldn't get any more complicated, her mother's restless spirit leads Janice down a path she swore she'd never take, and Chandra McCarty's ghost has no intention of letting go until her daughter finally sees she's more than just a byline, and home is where the heart is.

ber den Autor und weitere Mitwirkende Jennifer Melzer spent the majority of her life as a writer denying she actually liked to write romance, only to wake up one morning and discover that every single tale she'd ever written had somehow revolved around the heart. She has since given into the whim, spinning yarns of love and firmly believing that everyone deserves a happy ending. She lives in Northeast Pennsylvania with her husband and daughter, but dreams nightly she is laying on the beach watching the stars fall over the Atlantic Ocean.
