Von Karalynn Lee : Heart of the Dragon's Realm before purchasing it in order to gage whether or not it would be worth my time, and all praised Heart of the Dragon's Realm:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A good story making crave for moreVon Weeping MoonI love dragons and stories about them - especially when it is about dragons who are more civilized than humans.If you are looking for an erotic romance book with a sexy shape-shifting

dragon, this book might not be for you - if the erotic part is most important to you. This book was a nice surprise and a good read - got through with it within a couple of hours. Now I would love to read more about Helsmont and its people. There is so much potential for more :) I have read many romance novels - normal romance and erotic romance. This story is well balanced - no overly dramatic endless forth and back between the characters. That's why I love this book so much. No Mary Sue or Super-Queen - Kimri is simply Kimri. She is spunky, kind and funny. The dragon part in this book - well, if you expect dragons to fly around all the time - doing the magic shapeshifting thingy. That only happens at the end. But it is still plausible and good :)

Kurzbeschreibung Princess Kimri is used to betrayal. Her brother sold her to a king in exchange for swords to defend his lands. King Tathan's reputation is as fierce as that of his mountain kingdom where dragons are said to guard the castle walls but the realms are unstable enough without angering the mountain-king, so Kimri reluctantly agrees to the union. When she arrives in Helsmont, the king promises her a year of courtship before marrying or parting ways. Before long, Kimri thinks she may find comfort, and perhaps eventually love, with the stoic king. But the realms are more unsettled than Kimri realizes, and she soon finds herself caught in the middle of a war between the kingdoms. Can she count on her betrothed to take her side? Or will his loyalty to his kingdom come before his loyalty to her? 50,000 words
