**Von Rosalie Lario : Heart of the Incubus (Demons of Infernum)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Heart of the Incubus (Demons of Infernum):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. a short, hot love story ... loved every page of itVon Claudiathis was the first book of this series, that I read and I really liked it. as it was a novella I got not so much information on the world building but that was ok.the story was short, full of action and a really good relationship development.I loved that Cresso showed his feelings and tried to explain his

situation. Gen was a bit difficult for me at times because she was sometimes whiny regarding her trust issues. but truth be told - both had their issues, although Cressos were not so openly discussed. all in all, it was a very hot and romantic read with a lot of action. I can imagine reading the other books of this series as well because this author is really able to write a good romance with a real relationship development combined with a good story. I really, really liked it. disclaimer: a Copy was provided to me for an honest review.

Kurzbeschreibung Biochemist Cresso Taylor lives the sort of lifestyle most men would envy he has wealth, natural incubus charm, and more women than he can handle. But it's not enough anymore. Not after meeting Genevieve Russell, the sexy scientist who works with him at Elcorp Laboratory. And she wants absolutely nothing to do with him. After her fianc broke her heart, Genevieve has had enough of womanizers. She's determined to steer clear of sexy-as-sin Dr. Taylor, despite the fact that his incubus allure makes her want to rip his clothes off. But when a secret admirer's affection turns to the macabre with threatening notes and grisly gifts, Cresso appoints himself her protector. As she and Cresso hunt her stalker, she discovers there's a lot more to the sensual incubus than she ever imagined. Each book in the Demons of Infernum series is a standalone, full-length story that can be enjoyed out of order. Book #1 Blood of the Demon Book #2 Mark of the Sylph Book #3 Touch of the Angel Book #3.5: Heart of the Incubus Book #4 Call of the Siren
