Von Robin D. Owens : Heart Quest (Celta Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Heart Quest (Celta Series):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Should you refuse your heartmate when you know you're gonna die?Von starbooksIHShe did it again! Robin's one of the exceptional writers who manage to create a new world, sets several stories in it and yet each story has a plotline uniquely different. So one one hand you somehow feel like meeting old friends (characters you know and like very much from the the previous stories) and on the other hand hardly anything is repeating itself with regard to the love story of the individual book. If anything following seems unclear I suggest you read the previous books in the line of their appearance, since what is present for one book is past, i.e. existing facts for the following and is mentioned sometimes in the story. So, now to this splendid one: Guardsman Ilex Winterberry faces a serious dilemma - he's

blessed with knowing who his heartmate is but suffering his longtime vision of his own death soon to come. So, should he dare to claim her and heartbond with her when his upcoming death will kill her, too? He decides he cannot do so and even tries to evade her. Alas, as so many men before him, he's suffering the illusion that the decision is his alone. He has not counted on the determination of young Trif Clover, who wants to find and claim her heartmate no matter what. Seeing that her search is leading her into danger, because some mysterious and cruel killers are on the hunt for telepaths just as she, Ilex is forced to stay close to her in order to protect her. How long will he be able to withstand the pull of the love between heartmates? Does he even stand a chance? See for yourself and get caught up in the turmoil of our hero who wants to protect her even if it costs his heart and our heroine who would defy fate since in her soul she knows that a life without him is no life worth living. Both characters are well written, each position is understandable and you can relate very well. Both are interesting and you suffer and enjoy with them as the story comes along. We learn more about fairs - which are one of the things I came to love about Robin's world of flair gifted people - , we meet further trouble around the holly family and (one of my favourite characters, although I love them all) our little prophet Vinni appears and give some clues. Have fun! I hardly can wait for the next book to come out.

Kurzbeschreibung Tucked away in the Druida City of Celta, Trif Clover knows she has a HeartMate. She wants him so badly she's actually going door-to-door with her charmkey to find him. What she doesn't know is that he has already found her. Guardsman Ilex Winterberry knows that Trif is his HeartMate, but fears that being twice her age, with a short life ahead of him, he will only scare her away. He yearns to be close to her and she needs to be close to him. There's a killer on the loose, stalking those with unstable Flair psi power like Trifs. Facing his most difficult task yet, Ilex must reveal the truth of their destiny or else leave Trif in the grasp of a vicious murderer... Pressestimmen I just wish Robin D. Owens wrote faster. I hope she's got a huge pile of ideas for future Celtan stories, and I for one can't wait to go back. The Romance Reader If you've been waiting for someone to do futuristic romance right, you're in luck, Robin D. Owens is the author for you.
