Von Tara Lain : Hearts and Flour (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hearts and Flour (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Quick sweet readVon SunneA quick read - novella.I bought it because I wanted something light and sweet for inbetween more serious books. Something like a cupcake ;)It's exactly that, cute, sweet, a bit funny, a bit *sigh* and even a very little bit with conflict...but only a little bit.The dialogues sounded a bit off sometimes but not in a way that distracted

me so I regarded them more as funny. It actually was what I had expected so if you are in need for a cute book, this might be one for you.

Kurzbeschreibung A raw food fanatic and a cupcake baker can two hearts rise above the flour? Healthy, vegan food is Micah Truveen's religion. So when his devoted customers start showing up with white flour cupcakes, Micah's ready to scream. When he discovers who's been spreading the cupcake poison to the community, there's going to be trouble. And to make a bad day even worse, Micah comes home to find his boyfriend in bed with someone else on the day before Valentine's Day! In frustration, he throws the rat out and agrees to go to his friends' orgiastic Anti-Valentines party. Not his style, but lately, his style seems to be crumbling around him like stale baked goods. Southerner Quentin Darby wishes he could stop wearing women's clothes. He desperately wants to live up to the glowing opinion his grandmother holds of him, so he's never even told her he's gay. And now there's this guy from the party who makes him wish he could just be who he is a man who likes women's clothing, loves to bake, and thinks everything's better with cupcakes. Until a man with an axe to grind decides the time to grind it is now...

ber den Autor und weitere Mitwirkende Tara Lain's first erotic romance novel was published in January of 2011. She's now on book 23. Her novels have garnered awards for Best Series, Best Contemporary Romance, and Tara has been named Best Writer of the Year in the LRC Awards. In her other job, Tara owns an advertising and public relations firm, and she carries her promotional instincts into her writing career as well. She lives with her soul-mate husband in Laguna Beach, California, a pretty seaside town where she sets a lot of her books. Passionate about diversity, justice, and new experiences, Tara says on her tombstone it will say "Yes!"
