Kurzbeschreibung After three years spent mourning the death of her partner in a tragic climbing accident, Danica Warren has re-emerged in the public eye. With a best-selling memoir, a blockbuster movie about her heroic efforts to save three other climbers, and a successful career on the motivational speaking circuit, Danica has convinced herself that her life can be full without love. When Chase Crosley walks into Danica's field of vision everything changes. Danica is suddenly faced with questions she's never pondered. Is there really one love that transcends all concepts of space and time? One great love that joins two hearts so that they beat as one? One moment of recognition when twin flames join and burn together? Will Danica and Chase be able to overcome the barriers standing between them and find forever? And can that love be sustained, even in the face of cruel circumstances and fate?
