Kurzbeschreibung Unsure what to read after Fifty Shades of Grey? Want to spice up your relationship? Read this novella together! Olivia Marsden has enjoyed a fulfilling job with a top NYC publishing company, until the sacrifice of talent for the "bottom line" starts to take a toll on her. All she has to look forward to is the daily grind and a lonely evening at home with takeout until one day, three weeks before her self-centered sister Fiona's big wedding, she receives a strange phone call from the subject of her darkest, most secret fantasies... Cole Evans is a high powered corporate lawyer with way too much on his plate. Six months prior to his brothers tying the knot, he spots the full-figured Olivia Marsden at the engagement party, and from then on, his mind is trained on one thing: possessing the lush temptress who haunts his dreams at night and stokes the flames of his deepest desires. All it would take is a good plan, an unusual proposal, and a touch of trickery to pull off this game of sizzling seduction. And in this game, there could be only one winner... their fierce passion for each other. Be prepared for some graphic language, hot sex scenes and the need for ice water. This was very well written and gracefully fluid. Romance Junkies, Blue Ribbon Recommended Read. To say that the scenes were super-hot and erotic might be an understatement. If you are looking for a quick hot love story then [this] is just the one for you. Joyfully ed Together Cole and Olivia were scorching hot. The ending was perfect. This is an author that I am sure is going to make people sit up and take notice. Long and Short s The scenes sizzled. This was a great book.
