**Von Jean Johnson : Hellfire (Theirs Not to Reason Why)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hellfire (Theirs Not to Reason Why):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Fun readingVon A.F.H. TintenkriegerAgain, Jean Johnson delivers an action-filled sci-fi novel that has all you need:

Lasers, FTL (faster than light), Aliens, space ship combat, psionics and the fate of humanity. If you are looking for a well thought out space opera, you are smack in the middle of it here. Since this is the third installment, don't start with it. Although JJ repeats enough of the prior content to at least get part of the story, it is much more enjoyable if you start with "A Soldier's Duty". There is really just one point that annoyed me in this book and that is the repeated use of words like "snerking" "thuthumping" and such as. Please, this is not a comic book, I don't want to see stuff like KAPOW! and BOING! in it. Describe what happens, the average reader is intelligent enough to re-enact the scene in his or her head and hear the accompanying sound by themselves. Its just horrible style, really. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Another fun installment in the series. Von D. Reul While this seems to merely set the groundwork for the continued story at first glance, it does include a few required events that needed to take place. Considering that this is an almost omniscient protagonist, the author manages to keep it all very engaging and interesting throughout the series. If you like military scifi with a strong female protagonist, go get the first book.

Kurzbeschreibung Her story began in the national bestsellers A Soldiers Duty and An Officers Duty. Now Ia is captain and commander at the helm of Hellfire, where she is finally free to chart the course for the fulfillment of her destiny As captain, Ia must now assemble a crew that can rise to the ultimate challenge of saving the galaxy. The hardest part will be getting them to believe her, to trust in her prophecies. If they don't, her own crew will end up being the biggest obstacle in her race against time. The Salik are breaking through the Blockade, plunging the known galaxy into war. Ia cannot stop it this time, nor does she want to. This is the terrible price she has seen all along that some must pay with their lives so that others might live. Now only time itself can prove whether each member of her crew is merely a soldier or truly one of Ias Damned. Pressestimmen Praise for A Soldiers Duty Reminiscent of both Starship Troopers and Dune Successfully balances its military and science fiction elements. Publishers Weekly An engrossing military SF series... a good read. SF Signal Kurzbeschreibung Her story began in the national bestsellers A Soldiers Duty and An Officers Duty. Now Ia is captain and commander at the helm of Hellfire, where she is finally free to chart the course for the fulfillment of her destiny As captain, Ia must now assemble a crew that can rise to the ultimate challenge of saving the galaxy.
