**Von Brian McGreevy : Hemlock Grove: A Novel** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hemlock Grove: A Novel:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Buch = Serie: top Umsetzung-Von MariangelaBin ber die gleichnamige Serie auf das Buch gestoen, und ich muss sagen, dass ich selten so eine 1:1 Umsetzung eines Buchs in Serie gesehen habe..Buch (wie Serie) waren fr mich ein erster Vorsto in das Genre Horror, deshalb fand ich persnlich die Story spannend aber auch etwas krass (allerdings fr echte

Horrorfans wohl wiederum zu lasch?). Die Charaktere sind berzeugend, allerdings hngt das teils offene Ende etwas in der Luft, aber lsst auf eine Fortsetzung hoffen.. Spoiler- alert: TOP- ungewöhnliche Darstellung der altbekannten Thematik Werwolf/ Vampir (in diesem Buch glitzert kein Untoter ;-)-Ende-Zusammenfassend wrde ich sagen, gruseliges und spannendes (Teenie-)Buch, (allerdings- und das mach ich normalerweise nie- empfehle ich die Serie (z.B. bei Lovefilm) noch vor dem Buch:-) sie ist noch gruseliger.. Kaufempfehlung (netter Zeitvertreib!) 2 von 3 Kunden fanden die folgende Rezension hilfreich. Das Buch ist besser als die Serie Von Moviefanatic Hatte die ersten beiden Folgen der TV gesehen und mir dann sofort das Buch heruntergeladen. Allerdings bin ich dann bei Folge 4 der TV Serie abgestrzt, whrend ich das Buch wahrhaft verschlungen habe. Tolle Story, mal was anderes, als der bliche Twilite Kram und sehr spannend. Allerdings in grossen Teilen nichts fr schwache Nerven. 4 von 5 Kunden fanden die folgende Rezension hilfreich. The new horror Von Customer I first saw the Netflix series and was wondering what the book would be like... now I know it is brilliant. In very odd art form the author draws the reader into a world so similar and yet so very different from the one we live in. For everyone who loves slowly revealing complicated characters, who loves the shiver of sensing dark secrets, who loves slowly build atmospheres of odd sensations ... this book should be duty!

Kurzbeschreibung An exhilarating reinvention of the gothic novel, inspired by the iconic characters of our greatest myths and nightmares. The body of a young girl is found mangled and murdered in the woods of Hemlock Grove, Pennsylvania, in the shadow of the abandoned Godfrey Steel mill. A manhunt ensues though the authorities aren't sure if it's a man they should be looking for. Some suspect an escapee from the White Tower, a foreboding biotech facility owned by the Godfrey family their personal fortune and the local economy having moved on from Pittsburgh steel where, if rumors are true, biological experiments of the most unethical kind take place. Others turn to Peter Rumancek, a Gypsy trailer-trash kid who has told impressionable high school classmates that he's a werewolf. Or perhaps it's Roman, the son of the late JR Godfrey, who rules the adolescent social scene with the casual arrogance of a cold-blooded aristocrat, his superior status unquestioned despite his decidedly freakish sister, Shelley, whose monstrous medical conditions belie a sweet intelligence, and his otherworldly control freak of a mother, Olivia. At once a riveting mystery and a fascinating revelation of the grotesque and the darkness in us all, Hemlock Grove has the architecture and energy to become a classic in its own right and Brian McGreevy the talent and ambition to enthrall us for years to come. Pressestimmen "It takes a rare stroke of genius to reconfigure the gothic novel within the postindustrial barrens of steel country, and another entirely to upstage this conceit with a mythic and ambitious story of adolescence and alienation. Like a collaboration between Edgar Allan Poe and J. D. Salinger, this is a real emerging talent." --Philipp Meyer, author of "American Rust" "A wonderfully creative and twisted reinvention of classic monster archetypes, wrapped up in a mysterious thriller. I loved it. Brian McGreevy is a welcome new voice in horror literature, but be warned: it's not for the faint of heart, or stomach." --Eli Roth, director of "Hostel" "This is . . . horror with a respect for its literary antecedents." --Yvonne Zipp, "The Washington Post" It takes a rare stroke of genius to reconfigure the gothic novel within the postindustrial barrens of steel country, and another entirely to upstage this conceit with a mythic and ambitious story of adolescence and alienation.
