Von Henry Miller : Henry Miller on Writing (New Directions Paperback) before purchasing it in order to gage whether or not it would be worth my time, and all praised Henry Miller on Writing (New Directions Paperback):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Exceptional.Von Ein KundeAn especially important book for any aspiring writers or students of fiction or the creative mind. Henry Miller on Writing shows Miller as he struggles to learn how to write and questions and wrestles with all the insecurities and self-loathing that is endemic to writing. As important as John Gardner's books on writing, only more readable and more fun.0 von 0 Kunden fanden die folgende Rezension hilfreich. Henry knows writingVon Ein

KundeFor anyone who hasn't read Miller, this is a great introduction. As always, Miller's work is permeated with joy and lustfull arrogance. He is truly in love with life- and as writers go, a great and unique participant.Henry Miller on Writing provides glimpses into his work and the nature and derivative of his own inspiration.The book will thrill the adventurer and offend the weak-minded. You will love or hate Miller.

KurzbeschreibungA brilliant selection . . . it is in short a voyage of discovery, an adventure and this the log of that voyage in the life of a probing and powerful writer. Robert R. Kirsch, Los Angeles TimesSome of the most rewarding pages in Henry Miller's books concern his self-education as a writer. He tells, as few great writers ever have, how he set his goals, how he discovered the excitement of using words, how the books he read influenced him, and how he learned to draw on his own experience.KurzbeschreibungA brilliant selection . . . it is in short a voyage of discovery, an adventure and this the log of that voyage in the life of a probing and powerful writer.
