**Von Rebecca Winters : Her Desert Prince (Mills Boon Cherish)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Her Desert Prince (Mills Boon Cherish):

Very sweet romance,but a little abruptVon LRThis (shorter) novel was very,very sweet and romantic,but nothing for those who like a little steamy scene from time to time... unfortunately, the narrative style is rather abrupt,sometimes jumping

without warning or marking in the text, so suddenly it's the next day without you noticing it... some passages more resemble enumerations than narrations and you don't understand what the figures are doing. Furthermore, there really is no real surprise, you always know what will happen next. But all in all, still 3 out of 5 stars for a quick enjoyable read.
