Von A.D. Justice : Her Dom (Dominic Powers Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Her Dom (Dominic Powers Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. 4 Solid Stars! Von NinaHER DOM by A. D. Justice is different from the other Dob/sub themed books you find everywhere nowadays, it contains so much sweetness but ends with a BANG that will leave you with your mouth hanging open, wondering if you are still reading the same book! Dominic Powers is in this mid-twenties, yet he is already a powerful, well established business man. He is looking for a new high-skilled personal assistant whom he can fully trust, who is

able to act as his right hand, including making decisions when he is not available. After a long unsuccessful interviewing process he almost lost his hope of ever finding someone fitting that when he meets Sophia. Sophia answers every tough question he throws at her to his complete satisfaction, so that he hires her on the spot. Both overrun by their not expected attraction to one another, they soon begin to act on it and take their business relationship to a much more personal level. Sophia makes him want things he has tried to keep hidden and hasn't wanted in quite a long time. She is sweet and innocent and Dominic wants nothing more than to be her Dom. To his surprise, this lifestyle is not new to her. With both of them having secrets of their own they are not yet willing to share with one another can they build a real relationship, build enough trust in one another to make it work? This book is super-hot and steamy! Dom is an alpha wholeheartedly and his attraction to Sophia literally radiates off the pages. The development of their relationship is very well done; Dominic does everything in order to gain Sophia's trust and treats her like a queen, but given her past and her training to become a sub by a cruel and abusive man, she has a hard time believing him. While Dominic himself harbors secrets he is not yet ready to tell her, afraid she might run away from him if he only knew, the reader does not find out about Sophia's past. She never wants to talk about her family and you constantly feel there is something dark lurking in the shadows, waiting to be dropped like a bomb. I instantly liked Dominic and his family even his bodyguards Tucker and Shadow, two big hunky guys who cannot contain their chuckles sometimes just imagining this pictures makes me grin. Who seemed a bit off for me was Sophia: How can she be insecure and shy to not extend in private on the one and so experienced, self-confident and feisty in business on the other hand? Also, there was one situation where she was absolutely passive when there really should have been a reaction of any kind from her side. Maybe it's part of the intrigue and suspense which kicked up several notches towards the end of the book. The end really makes a turn of 180 and left me unable to comprehend what just happened. It changes the whole story and now I'm anxiously expecting more. Book #2 cannot come soon enough!

Kurzbeschreibung My name is Dominic Powers. My software engineering company, DPS, is one of the top 500 companies in the world. Conducting a search for my Personal Assistant brought an unexpected candidate straight to me. I knew she was different as soon as she walked into my high-rise office. She exuded innocence and inexperience. Those are two things in a woman that normally don't attract me, but I am apparently making an exception for her. She's young and delicate and I'm afraid she won't make it in my world. But the carnal man I've kept hidden deep inside me says I have to try. She is my Sophia Vasco. I am Her Dom.
