**Von Leanne Burroughs : Her Highland Rogue (Scottish War for Independence Saga Book 2) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Her Highland Rogue (Scottish War for Independence Saga Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen7 von 7 Kunden fanden die folgende Rezension hilfreich. Her Highland Rogue Pleases!Von Ein KundeAs a sequel to Highland Wishes, Her Highland Rogue, picks up the story of

Duncan, a Scot, and his arranged marriage to Catherine, an English heiress. The historical events of the time are a part of the story but don't overwhelm; they enhance. Ms Burroughs has again created two likeable characters who overcome initial hostility and fall in love. It takes them a while to voice this to one another, but is worth the wait. Ah, but there remains a villain who must be defeated, and that is satisfying as well. I enjoyed this book very much and look forward to Ms Burrough's next book--hopefully with some of the characters we've come to know.

Leanne Burroughs' book *Highland Wishes* was a wonderful book. Her first, it was full of heart and so much love - of storytelling, history, of Scotland. She did the amazing Hat Trick of winning the 2004 Laurie for Historical Romance. Since *Highland Wishes*, from a small press, won over all those big named writers from the NYC power-publishers this says readers have found Burroughs and taken her to their hearts. In her second book, *Highland Rogue* - you will be amazed at the growth of Burroughs talent. Her craft continues to mature, making this story so emotional, so moving. It's the sequel to *Highland Wishes*. Set in 1304, while Scotland is still struggling to keep their independence, Edward Longshanks, the most ruthless king ever to sit on the English throne hopes to bind Scottish nobles through lands and marriages. The latter comes to plague Duncan Mac Thomas. A troubled man, a scarred man in many ways, the handsome Highlander finds his laird and father has betrothed him to a rich English woman, with Edward's blessings. Only, Duncan is a man not to be ruled. Despite his father's decree he accepts the marriage simply because he knows it will help protect his clan from Longshanks and give them the much-needed coin to see Clan MacThomas survives these troubled times. He may be forced to accept his English bride, but it doesn't mean he has to play husband to the lass. He plans to wed, bed her to solidify the marriage, and then leave her in the care of his clanspeople. Only, the arrogant Highlander comes to cropper with this English beauty now his lady wife. Catherine Gillingham was raised to obey her lord father. However, she is shocked to find her father pledged her in marriage to a Scotsman. Unsure of this new man she now must call lord and husband, she doesn't let it bend her gentle spirit. She is a quite woman, a woman trained to be proper in all things. Underneath is a strength Duncan little expected, but soon comes to admire. In a marriage neither wanted, they suddenly find themselves falling in love. Edward hopes to control this Scots noble through the marriage, but no one bribes Duncan MacThomas. When the call to save Stirling Castle comes, Duncan rises to the Scottish Banner, and along with Grant Drummond (hero from *Highland Wishes*), they rush to save the castle from Edward's war machines, nearly giving their lives to the cause. Through the turbulent times, Duncan and Catherine learn to hold tight to each other, and fight the coming storm that threatens to destroy them both. Burroughs has a true love of Scotland (and being a Scot I think I'm a good judge of this). She writes with amazing detail of the period and country. Only, it's through these two amazing characters she brings to life where she really hits her stride. Catherine is a gentle soul, yet there is such strength and determination in her. She is a heart-stealer. Duncan is pure Alpha male - arrogant, handsome, sexy, but a fully realized man with scars from the past. Duncan will leave the readers wanting their own *Highland Rogue*!

2 von 2 Kunden fanden die folgende Rezension hilfreich. Amazing!!! Von Kristi Ahlers

I fell a little in love with Duncan in "*Highland Wishes*" and was thrilled that this guy was going to get his own story! As with her past effort Ms. Burroughs has delivered yet again with this wonderfully romantic story about two souls that want to love but just can't trust the emotion. Duncan McThomas is forced to marry English beauty Catherine Gillingham by the English King. It's the last thing he wants but he will do his duty. He will marry her and walk away from her before she can leave him as his first wife did and as his own father did when Duncan was a small boy. Duncan is not prepared to find Catherine attractive or desirable he certainly never thought to find her company appealing. After consummating the marriage he leaves her at his home and leaves for Grant Drummond's stronghold. This proud warrior is too proud to admit he's making a mistake and by the time he comes to his senses, his wife has left for England. Will he be able to convince her to return to Scotland and to stand by his side? Catherine Gillingham McThomas wants her husband to love her as she loves him. She is unable to voice her feelings and instead runs from them only to realize you can't hide from what you feel. Together these two wounded souls try to find an even balance while pretending their feelings are less than they are. With the backdrop of Scotland's war for independence, Cat and Duncan find a love that they never thought possible. But, will they be able to find peace from their past hurts? Again this story is rich in history as well as breathtakingly original. We again visit with Tory and Grant, and introduced to new friends that will wrap their way around your heart. I greatly look forward to Ms. Burroughs' next effort. She is an author I will now purchase by name alone.

Kurzbeschreibung The award winning Sequel to *Highland Wishes*., In 1304, amidst Scotland's continuing war for independence. two wounded souls are forced on a journey neither wants, resulting in tragedy and disaster. Battle-hardened, untrusting and son of a Scottish Chieftain. Duncan MacThomas wants only to see his country free from English rule. Honor-bound to ensure his clan's financial future, Duncan reluctantly travels to England to wed a woman he doesn't want. Wealthy and pampered. Catherine Gillingham anticipates a marriage to a Duke's son and is dismayed when her king decrees she must wed a Scotsman, the sort of man all of London despises. Can these two opposites find

love amidst war and lower their barriers to find the peace they seek within their countries and themselves? EDITORIAL REVIEWS: Her Highland Rogue will become everyone's favorite book! Leanne Burroughs continues the fiery tale of Scotland's history with Highlander Duncan MacThomas and his lady wife, Catherine Gillingham of England. Although both reluctantly entered into this wedded union, their reserve slowly melts to a white-hot passion. The creative blending of history and romance will appeal to readers on several levels. The author's research and understanding of Scottish politics is made evident through the characters' actions and dialogue. Leanne Burroughs has an obvious love for this country and its people. Yet, this story shines most brightly through the main characters of Duncan and Catherine. Both of them have a vibrancy that pulses through these pages. This author is also extremely skillful with dialogue and was able to make Duncan's Scottish burr seem almost audible. Readers will sigh, sob and squeal with delight whenever these characters are on the page! Every woman will want Her Highland Rogue! - Joyce Handzo, In the Library s, 2006 For those who love romances set in Scotland, pick up Her Highland Rogue as well as Highland Wishes, you won't regret it! - Susan, Fallen Angels s, 2006 This is a highly emotional book set at the time of Robert the Bruce. The well-drawn characters are too proud to bend to their emotions, putting their relationship constantly at risk, notwithstanding the outside threat. The author is to be applauded for her choice of setting and strength of character studies. - Deborah Elliott, Affaire de Coeur, 2005 All this reviewer can say is Wow!! Ms. Burroughs weaves a wonderful tale set in a time when Scotland was fighting for its freedom from England and England's swift retaliation. In the midst of this, a love between a gruff highlander and a shy English rose blooms and Ms. Burroughs tells the love and passion with a simplicity that will take the reader's breath away! This is a story that will touch the reader's heart. The historical details will keep the reader enthralled as they enjoy the fight Duncan and Catherine have against past to enjoy their future. By creating such strong characters, Ms. Burroughs has the reader in the palm of her hand from beginning to end. Duncan is a wonderfully alpha male who delivers his love in ways that will endear him to the reader's heart. Catherine is a perfect foil to Duncan's gruffness as she is like silk with the strength of steel. Will Catherine lose HER HIGHLAND ROGUE after all that happens or will they finally find the strength to admit their love to each other? Find out in HER HIGHLAND ROGUE and be transported to a time when manly men were the norm and the women who were strong enough to stand beside them! This reviewer is highly recommending this book for those who enjoy an engrossing Scottish tale full of humor, love and laughter. - Dawn Roberto, Love Romances, 2006
