A story of love and careVon Ni NaI enjoyed Hollywood Daddy because of its quick development and turn into a D/s and ageplay story. Kurzbeschreibung A STARLET RUNNING AMOK. THE PRODUCER WHO TAKES HER IN HAND. Hollywood starlet Marissa Sparks' career teeters on the brink of implosion. Her mansion is nearly under foreclosure, her rockstar boyfriend left her for a supermodel, and her habits of partying all night, drinking to excess and taking prescription drugs get her fired from her current picture. Her only hope is to convince Joel Sutherland, her co-star and one of the movie's producers to give her another chance.
