ber den Autor und weitere Mitwirkende National bestselling author, Heather Long, likes long walks in the park, science fiction, superheroes, Marines, and men who arent douche bags. Her books are filled with heroes and heroines tangled in romance as hot as Texas summertime. From paranormal historical westerns to contemporary military romance, Heather might switch genres, but one thing is true in all of her stories her characters drive the books. When shes not wrangling her menagerie of animals, she devotes her time to family and friends she considers family. She believes if you like your heroes so real you could lick the grit off their chest, and your heroines so likable, youre sure youve been friends with women just like them, youll enjoy her worlds as much as she does.
