nice first romance! Von Ein Kunde Well-written, with interesting characters and a new twist on marriage of convenience. For a first book, I thought it was terrific.

Kurzbeschreibung Aleene has vowed never to enter into a forced marriage with the vile pawn who threatens to usurp power over her beloved Seabreeze Castle. But she never expected rescue could come in the virile form of a poacher roaming the estate. In a rebellious act she marries this man. Yet how could Aleene ever have known that the unexpected passion joining her with Cynewulf, her husband, will lead her into a more treacherous game.
