Märchenhafte Geschichte Von Andreas Alexandra absolut lesenswert - wie die vorhergehenden 9 Geschichten der Serie, Märchen für Erwachsene mit jeder Menge Esprit und Witz geschrieben, aber auch dramatisch, romantisch, fesselnd und

sehr sexy. Da kuschelt man sich doch gern abends ein und genießt!

KurzbeschreibungNixie is a genie with a problem. She's just killed her Master. Kind of a big no-no for her kind, but really, what did the ruling council of genie's expect her to do? It's not like she was given a handbook on how to be a "proper genie". She was never even supposed to wind up in Kingdom. She'd been born on Earth, Chicago specifically. Her father also happens to be Tristan Black, which yeah, kind of an issue. Now they've thrown the book at her, locking her away in the most wild, most hidden part of Kingdom and only the bravest could ever have a hope of saving her from a prison of perpetual darkness.Robin Hood is a man on a mission. The tales have gotten this "hero" all wrong, he may not be the altruistic knight of yore, in fact, he might even be attempting a coup of his realm. But as we all know, in Kingdom, things are rarely as they seem...KurzbeschreibungNixie is a genie with a problem. She's just killed her Master.
