entertaining and gripping hot paranormal romance  
Von Booklover  
Her Vampire husband tells us the story of Blu, the reluctant werewolf princess, who also happens to be one of very few females of her kind. Forced by her father to marry the eldest Vampire in existence to seemingly fulfilling a compact of peace, she hides her true self that only knows abuse and humiliation by her pack members. But Creed, her vampire husband, is not what she expected a vampire to be, and slowly she learns to trust - and to love him. Creed didn't want to get involved too much in his new wife and has plans of his own, only to discover that they were both pawns to intrigue and war. In the end they have to decide if they want to fight for each other or to give into their most primal behaviour - fight and war. After reading the reviews I didn't expect much, and was nicely surprised by a book full of entertainment (especially Blu's sharp tongue and view on life), hot and steamy love scenes, and a sweet love story in between a thrilling and gripping storyline that made me turn the pages even faster. 5 stars, a satisfying read and definitely a keeper. Will re-read!

Das war dann doch mal ein Buch, das Spa macht! Sieht man von der Natur der Protagonisten ab, dann raufen sich hier Mann und Frau auf unterhaltsame Weise zusammen, erst heiraten, dann kennenlernen und sind mal ausnahmsweise nicht so stockdmlich. Die beiden halten nmlich erstaunlicherweise zusammen und bringen das Ganze zu einem guten Ende, nachvollziehbare Handlung.
