Von Teagan Hunter : Here's to Tomorrow (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Here's to Tomorrow (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great start to a new NA series!Von 5171Miles (Sabrina)"Here's To Tomorrow" is your typical New Adult book, except that both main characters are out of college already. I like reading books with slightly older protagonists since I am not in my early twenties anymore myself. ;)The storyline of this novel was simple and easy. Not the "bad-simple-and-easy",

it was the "good-simple-and-easy", if that does make any sense at all. Of course Hudson and Rae's relationship was not sunshine and rainbows all the time, they had to deal with some stuff too, but what relationship doesn't? Their difficulties were not overly heavy and didn't overshadow the entire story. Since a lot of authors try too hard with a dramatic and traumatic storyline, I am glad that Teagan decided to focus on the positive things in this one. I loved Hudson. He was sweet, patient, funny and the perfect gentleman. A lot of male protagonists are cocky, too alpha-male, too well-built and way too full of themselves. Although Hudson was confident and handsome, he was also shy, responsible and very humble. He took his time getting to know Rae and that made his intentions way more genuine than a guy who wants everything a little too fast. A lot of female characters in NA books are shy and reserved but not Rae. She had no filter whatsoever. She was sassy and said everything that came to her mind. Hudson was totally smitten with that character feature and why should he not? I wish more girls and women in real life would have less of a filter. It's a part of your personality, so be proud of it. And if a guy doesn't like it, well, too bad for him. ;) Rae's no-filter mouth was refreshing, and besides in real life, I wish that more female book characters were like that. "Here's To Tomorrow" was a great start to a new series. I can't wait to read the follow-ups in this series and find out what's going to happen with the rest of the gang.

Von mein Kindle und ich
Ich habe selten so viele Emotionen während des Lesens durchlebt... Teagan Hunter versteht es einer Story jede Menge Witz und Charme beizufügen... habe bei manchen Passagen Tränen gelacht... die Story ist absolut nachvollziehbar und könnte so auch im realen Leben passieren... alles in allem sehr empfehlenswert und sicherlich nicht das letzte Buch, welches ich von der Autorin gelesen habe!!!

Kurzbeschreibung HUDSON When I became a single father at seventeen, I knew my path wasn't going to be easy. Hell, sometimes it sucked. Year after year, I tirelessly busted my ass until my business was booming. Until my daughter was happy. Until life? It was good. Settled. But sometimes being settled is overrated. Boring. Especially when a little excitement walks through my door in the shape of Rae Kamden. With her sarcastic mouth and smartass comebacks, she's the type of girl still sowing her wild oats and not looking to settle. Not with a guy like me. RAE I've been stuck in this small town since I was a child and nothing is going to keep me here. Not anymore. Done being tied down, I'm out of here the first chance I get. This town can kiss my ass goodbye. I'm twenty-two. Single. Unwilling to settle. But if I did? It wouldn't be with Hudson Tamell. So explain to me why the moment he looks up from under the hood of my car, the sarcastic replies on my lips come out sounding sweeter. Why does he make me want to settle down, right here, with him? That's not what I wanted. But maybe it's what I need. *Here's to Forever, a follow-up novella, is available now!*

By day I'm a freelance cover designer. By every other free moment, a writer. I'm a Missouri raised gal, but I currently live in North Carolina with my US Marine husband where I spend my days begging him for a cat. I survive off coffee, pizza, and sarcasm. When I'm not writing, you can find me binge-watching various TV shows, especially Supernatural and One Tree Hill. I like cold weather, buy more paperbacks than I'll ever read, and I never say no to brownies.
