Von Moira J. Moore : Heroes Adrift before purchasing it in order to gage whether or not it would be worth my time, and all praised Heroes Adrift:

Story adrift?Von Helen HancoxThis is the third in Moira J Moore's brilliant series about the Source and Shield Pairs Lord Shintaro Karish and Dunleavy Mallorough. The first book, "Resenting The Hero", was a real delight, introducing two great leading characters as well as a fascinating setting. Taro and Lee's job, as a bonded Pair, is to work together to deal with natural disasters through the special channeling skills they have together. Unfortunately for the rather plain Lee, Taro is a hugely attractive man and is constantly fighting off attention. The second story, "The Hero Strikes Back", involved Lee and Taro in some strange events which culminated in the kidnapping of Taro and the discovery of some additional talents.I was eagerly awaiting the third story in the series, "Heroes Adrift", and I certainly enjoyed

reading it and returning to the world of Taro and Lee. Unfortunately it didn't measure up to the previous two books, feeling rather more aimless and indistinct. In this story Lee and Taro are sent by the Empress to the Southern Islands, far away from their usual stomping grounds, to see if there are any relatives of the Empress still living there. However they find that the world of the Southern Islands is so different from their normal experience that they struggle to settle in and get on. They have to earn their wages and cope with a different climate, completely different customs and a most unexpected reversal in personal popularity. Dunleavy, the rather plain and dull Shield was always previously in the shadow of the impossibly handsome Shintaro Karish; in this story the Southern Islanders find Lee's hair fascinating, identifying her as a real beauty and Taro as plain. Taro finds the going quite hard without his usual charm to help smooth their way. There were some interesting parts to this story, particularly when they join the circus to try to earn some money. However the search for the Royal Relative takes a back seat and then seems over very quickly. The focus of the story was far more on character building and learning about the new culture they were thrust into but I wasn't always sure I knew what the characters were actually thinking. Those who have looked for a romantic element to this series will find more in this story although still very low-key and rather unresolved. The author's writing skill was as evident as ever but somehow this book felt like a transitional tale that functioned more as an introduction to the next story or perhaps to a new heroine who may be the main character in a future book. Moira Moore is to be praised for keeping these books fresh and coming up with new ideas for each one rather than retelling the same kind of story but somehow this one didn't quite hit the mark. 0 von 4 Kunden fanden die folgende Rezension hilfreich. Die Heroes sind zwar Adrift, aber genauso toll ;O) Von Danielle Da ich mit Skepsis den ersten Teil dieser bisherigen Triologie begonnen habe und mit Lust und Laune und überraschender Begeisterung beendet habe, habe ich die folgenden 2 einfach nur verschlungen. Innerhalb von 3,5 Tagen alle 3 durch. Zu diesem Teil kann ich nur sagen, ICH WILL MEHR und zwar SOFORT! Leider muss man jetzt noch ein wenig warten ;O). Es wird alles ein wenig anderes in diesem Buch und man stellt sich am Ende die gleiche Frage wie die Hauptfigur. Das ist auch ein Aspekt des Buches was ich selten habe, entweder passe ich nicht gut genug auf oder ich weiß es auch nicht, aber ich stehe oft genug vor der gleichen Frage wie Sie, zwar nicht immer, aber oft genug um dieses Buch allein deswegen schon super interessant zu finden. Irgendwie hilft dieser Teil wird ich sagen gar nicht um dieses Buch mit meiner Meinung für irgendjemanden interessant zu machen... oder uninteressant zu machen ;P. Es gab für mich von Buch zu Buch eine gewisse Steigerung und das Ende vom dritten liest so ein angenehmes prickeln zurück und man fühlt mehr oder weniger das angenehme/prickeln der Hauptfigur fast echt mit und man kann wie gesagt den nächsten Teil nicht abwarten... es kommt alles anderes als in den Bchern zuvor, im ersten Moment vielleicht sehr mutig, und man könnte meinen da hat sie sich zu viel gewagt (Moore) aber wirklich toll gemacht und sie verliert nicht den Bezug oder die, ja, die Geschichte stimmt trotzdem noch und das haben nicht gerade viele geschafft die so eine 180/360-Wendung eingesetzt haben... ;P

Kurzbeschreibung The Empress wants to locate the descendants of her exiled sister. No magically-bonded Pair is more ill-suited for the job than long-suffering Shield Lee Mallorough and her all-too-charming Source Shintaro Karish. Yet it's a mission they can't refuse. **Kurzbeschreibung** The Empress wants to locate the descendants of her exiled sister. No magically-bonded Pair is more ill-suited for the job than long-suffering Shield Lee Mallorough and her all-too-charming Source Shintaro Karish. Yet it's a mission they can't refuse. **Synopsis** When Shield Lee Mallorough and her Source Shintaro Karish are ordered by the Empress to locate the descendants of her illegitimate, exiled sister, the Pair, ill-suited to such a task, journey to the Southern Islands where they are met with hostility and danger. Original.
