**Von Simon R. Green : Hex and the City (Nightside Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hex and the City (Nightside Series):

Dark and good!Von AmberThis fourth part in the 'Nightside' series was as dark and action packed as all the books so far! The Nightside is a dismal place and the things that live there and happen there are so amazing I won't even try and describe them.In this book we meet some more residents of the Nightside who help John on his quest to find out about his mother. We also see some of the characters met in previous books and things start to make a little bit more sense.I am glad I have the other books here ready to read because otherwise I would be on ordering them already.

Kurzbeschreibung Lady Luck has hired John Taylor to investigate the origins of the Nightside--the dark heart of London where it's always 3 A.M. But when he starts to uncover facts about his long-vanished mother, the Nightside--and all of existence-- could be snuffed out. Pressestimmen "The Taylor series has proven to be a welcome break from the endless quasi-medieval intrigues that dominate contemporary fantasy."
