adult fantasy - my daughter loves it Von Ian McGriffin Lily Parker attends St. Sophia's School for Girls in Chicago after her parents recently dumped her there while they conduct research in Europe. At the school, Lily discovered her paranormal ability to use the Firespell. Although she has improved at controlling this power, she knows she has a long way to go before she is comfortable using it if ever. Her biggest fear is becoming a Reaper who abuses their magical gifts. Lily's roommate and BFF Scout, who fights the otherworldly beasts, helps her stay anchored while her relationship with Jason is becoming more intimate. The second Dark Elite (see Firespell) young adult fantasy continues Lily's training in the paranormal as she learns more secrets, especially about her parents and her abilities, but is also caught up in some sort of otherworldly "turf" war. Fast-paced and mindful of the Casts' House of Night saga and Claudia Gray's Evernight series, readers will enjoy Lily's dilemma. She would prefer to ignore the impossible and hang with the hot hunks rather than joining Scout and friends in mortal combat, but feels Hexbound to learn her craft expeditiously to keep her school, Chicago and the world safe from the others.

Kurzbeschreibung Lily Parker is new to St Sophia's School for Girls, but she's already learned that magic can be your best friend ... or your worst enemy. So they say absolute power corrupts absolutely. But it turns out even a little bit of magic can turn you to the dark side. That's why Lily has to learn how to control her newly discovered abilities and quickly, on top of avoiding the snobs who think they run her school, nursing a crush on a cute sophomore with a big, werewolfy secret, and fighting the good fight with her best friend Scout as they take on Chicago's nastiest nightlife - including the tainted magic users known as the Reapers. All that's even before Lily's invited to a private meeting with Sebastian. He's hot, he's powerful, and he's offering to help her harness the magic flowing through her veins in a way that no one else can. He's also a Reaper. Lily can't help but be suspicious of his offer. But she also needs his help. It seems that the line between good and evil isn't quite so clear as she thought ... Pressestimmen A solid and funny piece of writing which sustains the series nicely towards book three. British Fantasy Society Kurzbeschreibung Lily Parker is new to St Sophia's School for Girls, but she's already learned that magic can be your best friend ... or your worst enemy. So they say absolute power corrupts absolutely. But it turns out even a little bit of magic can turn you to the dark side.
