Von Agatha Christie : Hickory Dickory Dock (Poirot) (Hercule Poirot Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hickory Dickory Dock (Poirot) (Hercule Poirot Series):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Cool bookVon Wild LeopardPoirot's secretary Miss Lemon is seriously worried because of the things going on at a student hostel where her sister works. Apparantly there has been an outbreak of kleptomania. Poirot visits the hostel to meet

the students under the pretext of giving a lecture about crime. What he finds out is that there seems to be no sense in the list of things that were stolen. Also, the students have rather peculiar opinions about each other. Some are sure who did NOT do anything, others have great suspicions. It is up to Poirot to find out who is right and who is wrong - or who is telling the truth and who is lying...The book is really cool, the characters quite funny and Poirot excellent as always. Admittedly, there is a rather stupid side plot, but apart from that, the book is brilliant.

KurzbeschreibungTheres more than petty theft going on in a London youth hostelAn outbreak of kleptomania at a student hostel was not normally the sort of crime that aroused Hercule Poirots interest. But when he saw the list of stolen and vandalized items including a stethoscope, some old flannel trousers, a box of chocolates, a slashed rucksack and a diamond ring found in a bowl of soup he congratulated the warden, Mrs Hubbard, on a unique and beautiful problem.The list made absolutely no sense at all. But, reasoned Poirot, if this was merely a petty thief at work, why was everyone at the hostel so frightened?Pressestimmen`Poirot's return to the happy hunting grounds of detective fiction is something of an event... The thumbnail sketches of the characters are as good as ever and in spite of the over-elaborate nature of the puzzle there is plenty of entertainment.' Times Literary Supplement`The Christie fan of longest standing, who thinks he knows every one of her tricks, will still be surprised by some of the twists here.' New York TimesKurzbeschreibungTheres more than petty theft going on in a London youth hostelAn outbreak of kleptomania at a student hostel was not normally the sort of crime that aroused Hercule Poirots interest.
