Suspensful, emotional and erotic page-turnerVon JN12"Hidden Agendas" is a capitvating read. It is romantic suspense, but it borders on erotica, I think. There are many explicitly described sex scenes and most times the hero and heroine speak of sex or making love in rather crude terms. This crudeness fits to the story. I personally don't think it's deprecativ in any way, but I think I should metion it nevertheless, since some people might not like so many crude terms in a romance novel.Both hero and heroine love each other and one can understand why. They have done so since a long time but didn't act on it. The crudeness doesn't affect their emotions and they share a mutual understanding and bond that helps them to support each other.The plot is suspenseful and contains action, chilling moments as well as rather hot moments. It shows how friendship and love can support and help, but also how they can suffocate. Besides that it shows how evil, hate and prejudices can destroy.The story therefore captivated me with its suspense and emotions and made me want to read it without a break.Phrasing: 5 starsRomance: 5 starsSuspense: 5 stars-----Total: 5 stars0 von 1 Kunden fanden die folgende Rezension hilfreich. Ganz okVon Ein KundeDas Buch reit nicht so mit, wie manche andere Bcher von Lora Leigh, da die Geschichte etwas sehr konstruiert und klischeebehaftet wirkt. But nevertheless it's a nice read.
