Von Mark Henwick : Hidden Trump: An Amber Farrell Novel (Bite Back Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hidden Trump: An Amber Farrell Novel (Bite Back Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. great bookVon DDAlso the second of the bite back books turned out as adventurous, very interesting, good fun, read it

within 3 days, starting with the third. Highly recommend it! 3 von 3 Kunden fanden die folgende Rezension hilfreich. Wow, ich bin sprachlos! Von Merle Zweiter Band der Bite Back-Serie, Amber beisst aber immer noch nicht. Es geht nahtlos weiter mit der rasanten, spannenden und atemlosen Geschichte. Amber entkommt knapp dem Gemetzel am Schluss des ersten Buches und wird zur Voll-Athanate, obwohl da auch noch die Werwolf-Anteile und Hana, ihre spirituelle Führerin, sind. Und natürlich die tote Zwillingsschwester in ihrem Kopf. Also eine für alle unbekannte Mischung voller zukünftiger Überraschungen. Amber trifft Larimer, Alpha der Werwölfe, der sich nicht für sie begeistern kann, nimmt sie ihm doch ihren Geliebten, Werwolf Alex Deauville, weg. Als Athanate braucht Amber eine Kin, jemand, der ihr Blut spenden kann, was mit Sex verbunden sein wird und sie will Jennifer Kingslund- neben Alex. ZK, die kriminelle Biker-Gang, ist nach wie vor eine große Bedrohung, der Sohn von Jack Tucker konnte entkommen und es stellt sich die Frage, ob Amber ihn zuerst oder er sie erwischt. Es verdichten sich immer mehr die Hinweise, dass die menschenverachtenden Basiliscos mit dem unheimlichen Chef Matlal einerseits alles mit Amber vorhaben, andererseits auch für Haus Altau eine große Bedrohung darstellen. Amper's Mitarbeiterin Tullah Aunplumes-Leung hat Probleme mit ihren Eltern, diese lehnen sowohl ihren Boyfriend ab, als auch ihren spirituellen Geist, Drache Kaothos, und die Athanate und somit letztendlich Amber. Das und mehr in einem Buch und in kürzester Zeit passiert, gut geschrieben, überzeugend die Aktion und nachvollziehbar die Charakterzeichnung. Bis zum Schluss ist man in der Schwebe, wer jetzt zu wem gehört, wer denn vertrauenswürdig ist. Für mich gehört es zu den Besten in der paranormalen Liga. Sehr empfehlenswert! 1 von 1 Kunden fanden die folgende Rezension hilfreich. Action packed with the coolest world-building Von Mina Note: This is the 2nd book in the "Bite Back" UF series. So although the author makes it fairly easy to get into this even without previous knowledge, you probably would want to start at "Sleight of Hand", if you're new to the series. Review Overall one could say that this book excels even more at what was fabulous about the first one and delivered less on the complicated relationships Amber has. So, plot including unpredictable turns, action including fights, overall story arc and Amber herself, are just awesome. Storywise it continues where book one left off: the obvious culprit is dead, but his son is still on the loose and out to get Amber by all means necessary. Adding to that is the worst threat - one of the antagonistic Athanate [you know, vampire] starts out wanting to take revenge on her for making him look silly at a huge ball. But when some info of Amber's unusual abilities [even for Athanate] leaks out, he takes his commitment to capture her to a whole new level. Then there's House Altau, whose master at the same time offers sanctuary and protection, yet keeps Amber out of the loop most of the times, no matter if the stuff were important for her to know. And last not least, there is the FBI now on Amber's track and they are freakingly good at figuring stuff out and there are strange things going on with Amber's previous secret service special team. So besides all that, the cases Amber solves on the go-by, pale of course in comparison. And she usually does a pretty good job in everything she attempts [well, aside from conversations with her sister, obviously.] - although there were moments, I wanted to shake her when she was so obviously doing something dumb, just to spite someone. That is not so consistent with the veteran special forces sergeant who knows the ropes. But that's probably just me, then. So yeah, the plot is fast-paced, action-packed and a good crime story. Amber herself evolves into something more than Athanate and at the end of the book the reader and Amber know a lot more about it, yet there are still lots of them to left open to future explanation. So all that was done incredibly good. And as I said about book one, the author is pretty good at showing all kinds of emotional relationships in a way I could easily empathize. Except for the pseudo "vampire" thing of having a bunch of bound lovers to sustain from. And since I just couldn't buy the emotion going between Amber and her two lust-interests [sorry, not buying the insta devotion without compulsion either.] I felt nothing whenever Jen enters the scene. I'm just not interested. It's a bit better with Alex, since I at least can appreciate getting it going with smoking hot wolfmann. So while the story and Amber evolve nicely into a different kind of UF-series, I'm still hoping for more real feeling of emotion, romance-wise or the end of it [which was fine by me - such good UF does well enough without the romance angle]. Oh and just have to add that my personal most despicable character in this book is none of the numerous villains and none of the bureaucrats, but her sister. Boy do I hate that woman!

Kurzbeschreibung "I knew I was going to be betrayed this week." Amber Farrell, Denver PI, is coming to terms with being part of the paranormal community, but she's about to find that includes very dangerous responsibilities for her. Nothing is quite what it seems, least of all, Amber herself, and to survive, she must form alliances with powerful groups whose interests are in conflict. But she knows she's expendable and betrayal is inevitable... Denver is hosting a meeting of the opposing Athanate creeds who are stirring after a hundred years of peace. War between them would be disastrous for everyone, human and paranormal, and it's Amber who's being blamed for the troubles in the run-up to the Assembly. And it's going to get very personal...
