**Von Dawn Cook : Hidden Truth** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hidden Truth:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. MORE than worth your time and money.Von Detra FitchEven though the fallen Keeper Bailic had the book titled "First

Truth" he could not open it. It was warded well and only the person it "claimed" could open it for the knowledge within. Bailic believed Strell to be the latent Keeper and blackmailed Strell to learn magic from him. Once the musician knew enough magic and opened the book, Strell and Alissa would be expendable. Secretly Alissa was under the tutelage of the last surviving Master. She had no idea how special she was and the Master feared that he could not bring her magical abilities to full maturity alone. If he failed though, she would die. Near the Hold was the abandoned city of Ese'Nawoer where thousands of guilty souls waited to serve the one who would waken the city. If Bailic had his way, he would claim those souls and order them to spread madness among the lands, causing the farmers and the plainsmen to go to war.\*\*\*\*\* Author Dawn Cook pleases her readers again with this novel, the sequel to "FIRST TRUTH". I actually found myself holding my breath during a couple of tense moments as I read. The novel is even better than the first, which I did not even believe possible. I am VERY PROUD to tell everyone about this wonderful author and can hardly wait for her next release! 0 von 0 Kunden fanden die folgende Rezension hilfreich. The missing part of book one Von hwm Involuntarily stuck with the temporary non-aggression pact between Useless and the renegade Keeper Bailic Alissa struggles between her insane obsession of the book First Truth and the challenging task to keep Strell and herself safe. Trying to draw the attention from Alissa, Strell continues to act the Keeper for Bailic, while Useless searches desperately for others of his kind and Lodesh Stryka, the charismatic Warden and not-quite ghost of Ese' Nawoer pursues his own ambitions (among them Alissa). But Strell fails and caught up in the spell of First Truth Alissa's life and sanity are in greater danger than ever before. HIDDEN TRUTH is the missing half of FIRST TRUTH - most of what the main characters started out to do in the first book, they accomplish now. The cast remains small and intimate - only Lodesh is added to spice up the situation between Strell and Alissa, which works nicely. Still there's little background information, only tantalizing hints about what is to be revealed in the third installment of the series, that is probably the best one of the lot.

Kurzbeschreibung The truth behind New York Times bestselling author Kim Harrison is fantasy author Dawn Cook... Second in the extraordinary series featuring Alissa, a young woman seduced by the power of magic-in a brand new package.
