Von Dara Joy : High Energy (Tyber and Zanita series Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised High Energy (Tyber and Zanita series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Fun, but something was missing.Von Ein KundeThis is one of those books where the couple gets together... and that's about it. I kept thinking, Well, now they're together - some kind of conflict will arise. There has to be *something* wrong, after all, or why bother, right? Well Dara Joy seems to think not.Besides having zany (read: totally unrealistic) names, Tyber and Zanita are blessed -- they lead amazing lives and meet each other and fall in love. Then End. Except, this is

like 50 pages into the book, and there are about 200 left. Sure, stuff happens after this point -- namely they have great sex, they have good dialog, they investigate a charlatan psychic, they have more great sex. But there's just no conflict. Maybe it's that I like my heroes and heroines to have something to *do* during their stories (these seem to be searching for something to do with their time). Or maybe it's because I'm addicted to tortured heroes (Tyber seems to have led a charmed life). Or maybe I just don't like zany names. But this book just didn't do it for me. Tyber was way sexy, but I kept waiting to find out what his faults were. There had to be something. Zanita had one fault, but it wasn't that big, and it went away pretty easily. Plus, we never really understood why she had it in the first place - it was just there to keep the couple from being *perfectly* happy until the end of the book (instead of almost perfectly happy, as they were 50 pages in). Which is not to say I didn't like the book. Tyber, as I said, was very sexy. Zanita was interesting. They just didn't seem very ... deep, I guess. I look forward to High Intensity because it looks like that couple will have some definite sparks (at the end of this one they already don't much like each other, so that's a good start). Given some faults and a few conflicts, High Energy could have been a much better book. Without them, it was kind of a disappointment.

Von Ein Kunde This is my first Dara Joy book, and if this is any indication of her writing talent, it won't be my last. This is, hands-down, my all-time favourite romance! It has wit, romance, two very likable main characters and a host of supporting players worthy of their own book. (That's my subtle hint to you, Ms. Joy, if you're reading this -- please write a book for Mills and Gregor! That's a super couple just waiting to happen!) I have had crushes on other heroes before, but Tyber Evans is my perfect man (can I help it if I have a weakness for drop-dead gorgeous rocket scientists with a wicked sense of humor?) Tyber and Zanita (hate their names, but love the couple) remind me of those power couples of the 30's screwball comedies. In fact, they are the Nick and Nora for the 90's! Please, Ms. Joy, consider writing sequels for this couple. I would love to read about their continuing adventures! If you are looking for a smart, funny contemporary romance HIGH ENERGY is it.

It is easy to put yourself in the place of the heroine in this story of romance and investigative journalism. In fact, I wish I COULD take her place. Tyber Evans is the perfect fantasy hero. The story is exciting, sexy, and just plain entertaining. This is a book that I highly recommend for every romance fanatic to read. It is truly one of the BEST!

Kurzbeschreibung**Don't miss the award-winning HIGH INTENSITY at a Special price \$4.99 (reg. 7.99) amzn.to/1iHKDanHE'LL TEACH YOU SOME THINGS YOU NEVER IMAGINED...When a reporting job accidentally leads Zanita Masterson to genius extraordinaire Tyberius Augustus Evans, her world is turned upside down. The rogue scientist is six feet plus of piercing blue eyes, rock-hard muscles and maverick ideas, and the notion that this man is seriously interested in her seems insane. But a steamy night of monster movies, cookie-dough ice cream, and hot, wild love is almost enough to convince her that the passion-minded professor is determined to woo her with his own masterful equation for sizzling ecstasy and HIGH ENERGY! Multi-award winner! NEW YORK TIMES and USA Today Bestseller, Main Selection DoubleDay Book Club, Nominated BEST CONTEMPORARY ROMANCE Romantic Times, Nominated RRA Awards for BEST LOVE AND LAUGHTER Romance, et al. REVIEWS: "One of the most delightful courtship romances of the year, sparkling with intelligence and wit to please the most discriminating of readers. A joy indeed!" - 4/12 stars, Romantic Times Book "This is, hands-down, my all-time favorite romance!" - Xeneri "Tyberius Augustus Evans is gorgeous, brilliant, rich, kind to animals, small children and kooks, sexy, eccentric, and secure enough in himself to fall utterly and completely in love. This is a fantasy hero - no real man could ever compete with Tyber. There's no angst here, no dark and brooding secrets, simply the perfect man. . . I strongly recommend High Energy." - Laurie Gold, Laurie Likes Books Publisher, All About Romance "Two thumbs way up for an entertaining read!" - AK Pilot "Well I now must consider Dara Joy one of my favorite authors. I have loved her Matrix of Destiny series but this book and the sequel High Intensity blew me away... Buy this book!" - Brenda C. "I love Dara's style of writing. It captures you, draws you in and holds you till the last page." - J. Coffman "When I got done, all I could think of was 'MORE!'" - B. Walker ABOUT THE AUTHOR: Hailed as "a breakout talent!" and "a publishing phenomenon" by Publisher's Weekly, Dara Joy has written eight consecutive New York Times and USA Today bestselling novels. This award winning author is known for writing layered, inventive stories, brimming with fiery sensuality with strong, unique characters. Millions of her books have been sold worldwide and have been translated into several languages, including German, Norwegian, Chinese, Korean, Spanish, Japanese, Thai, and Russian. Ms Joy resides with a smile in Massachusetts.
