Von Sharon Gillenwater : Highland Call (Regency Highlander Series Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Highland Call (Regency Highlander Series Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. High stakes plot. A Gripping tale!Von Ein KundeThis is one of the most incredibly tender and believable books I've ever

read, even as it grips you in suspense. One of my favorite scenes was where Gabe and Selena discuss what would happen if he were to attend the ball. It was so amusing, poignant and believable. I loved it. This book contains a wealth of wonderful reading, like the scene where Gabe and Selena are declaring their love, unbeknownst to each other. It evokes tears and soul-deep compassion for these two "very real" characters. Sharon's skill was really shining in this book; her logic in how the plot played out was dead-on and kept me turning those pages as if I were eating the book. The climax was full of tension and suspense, the ending beautiful and satisfying. I highly recommend this book to anyone who appreciates a great story line and characters who will be long-remembered. Sharon Gillenwater is an outstanding writer. I can't wait to read more. -Lee Emory

Von Ein Kunde

I have been awaiting this book since the first one came out and I wasn't disappointed. Once again Sharon Gillenwater has written characters that are believable. Most secular romances these days are nothing but one sex scene after another and most of the Christian romances are too virtuous to be real. Ms. Gillenwater tells a story involving emotions and passion without all of the lewd descriptions, and God is at the center of the relationship without the characters being portrayed as near-perfect people. Both the characters of Selena and Gabriel have many faults and issues that they must work through, some of which are relevant today as well. Thank you, Ms. Gillenwater for a delightful read.

Ms. Gillenwater continues to amaze me with her tales of the Highlands. This novel truly inspires a stronger relationship with God and one another. I continue to adore Ms. Gillenwater for her talents as a novelist, and this is an example of one of her finest works. If you've skipped the novel preceding this one, you would most likely love to read it. DO!
