Von Amanda Scott : Highland Spirits (The Highland Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Highland Spirits (The Highland Series):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Best yet!Von Detra FitchMichael Mingary, Earl of Kintyre, was about to lose all his lands to Sir Renfrew Campbell because his deceased father left him with a huge debt. As the deadline drew near, he agreed to his sister's urging of traveling to London in hopes of arranging a marriage with her and Lord Charles MacCrichton.Penelope MacCrichton

had known the ghost since she was but a child. As she grew, she compared men to her ghost and they all came up lacking. When she met Michael Mingary, she was shocked to see he was her ghost's spitting image! Michael even had a deerhound that looked the same as the ghost's companion! Since it was apparent her brother did not care for Bridget, Pinkie took a chance on her heart and offered Michael another option.*** Restack your "keeper" shelf because this one deserves a place of honor! I am a fan of Amanda Scott's writing and feel this is her best to date! In fact, I plan to search my book club in hopes of getting a copy in hard back. A riveting story with more than one plot and keeping the reader glued to the pages! ***0 von 1 Kunden fanden die folgende Rezension hilfreich. Highland Spirits Von Natasha Forinash Highland Spirits by Amanda Scott is a very interesting book because it has a good story line, good communication, and a good ending. All through the book it makes the reader believe that the ghost is real. Something else about the story line is that it lets the reader know exactly what the characters are thinking and feeling. Another thing that makes this book so interesting is the good good communication between characters. One time when there was good communication between characters was like " Everyone," Bridget exclaimed at the same moment that Lady Marsali said with a slight chuckle. Or when Pinkie shrieked "Stop him!" The last thing that makes this book so interesting is the good ending. At the end of the main character Penelope dies, and the ghost that is talked about through the whole book is just a dream. The book like at the beginning is an interesting book because it has a good story line, good communication, and it has a good ending.

Kurzbeschreibung In the final volume of Amanda Scott's engrossing Highland series, a Scottish heiress falls in love with a man who seems to have been plucked from her dreams
