Von Leanne Burroughs : Highland Wishes (Scottish War For Independence Saga Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Highland Wishes (Scottish War For Independence Saga Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. A

Enthralling Scottish Romance! Von Kristi Ahlers "Highland Wishes" is without a doubt one of the best historical novels I've had the privilege to read in a long while. Ms. Burroughs has taken great care in her research of the time period and location and as a result the reader is in for a fulfilling read that will haunt them long after the final page has been read. Victoria Blackstone has given up the hope of ever finding someone who will want her and love her for herself. Her father is a cruel man and her only solace comes from her loving grandmother and even she can't stop the plans Victoria's father has set in motion. Tory takes her fate into her own hands...or at least for a brief moment and time she does. Soon she finds herself taken from her father's manor home by Scottish Laird Grant Drummond. Her life is about to change and she's about to be swept into the turbulent time that all Highlanders are about to face. With a war on the horizon with the British King and her own confused feeling for the strong Highlander that has captured her, will Victoria be able to put aside her dreams of finding a love that surpasses time or will these dreams be nothing more than Highland wishes? Grant and Victoria are characters the reader will likely never forget. Ms. Burroughs has penned a wonderfully epic historical romance that will engage the reader from the first page. This sweeping story will take you back to a long forgotten time where men fought hard and loved hard and where honor and strength truly meant something. Ms. Burroughs is a gifted storyteller and one I highly recommend. Her stories are truly gifts to the lucky reader who picks them up.

Kurzbeschreibung Re-edited and Updated! Winner - Reader's and Bookseller's Best, Published Laurie's, and er's International Organization A Highlander Obsessed - While Scotland's War for Independence rages, a young Laird heads to the Scottish-English border to avenge his father's murder. The time for retribution has arrived. Rage tightly controlled, Grant Drummond presses forward toward his prey's manor to take its inhabitants by surprise. A Woman Defiant - Victoria Blackstone tensed with a sense of foreboding. Her stomach knotted as she surveyed the large men surrounding her. Instinct warned her to escape. Her movements gave Grant Pause. As his grey eyes surveyed the woman fate just delivered into his hands, he smiled first time since hearing the terrible news about his father's death. Passion flares, but can love survive? After kidnapping his enemy's daughter, Grant whisks Victoria to Castle Drummond and there holds her hostage. They wage their own war of strong wills and growing emotions. As the brutal strife intensifies between their countries, the lovers seek fleeting happiness in each other's arms. Torn by their differences, and with such enormous odds stacked against them, can Grant and Victoria's love survive? Or is theirs a love to last through the ages? EDITORIAL REVIEWS: England and Scotland Unite! - Victoria Blackstone is about to be married to Lord Bothington, a notoriously brute to women. The year is 1296 and such treatment is automatically bypassed when political and financial benefits accrue through such arranged marriages. But what does one do with an independent-minded woman like Victoria who is refusing to cooperate and whose beloved grandmother's protection cannot help her here? Grant Drummond is about to avenge the death of his father, as well as numerous others slaughtered on the orders of King Edward. Grant is raging with revenge and attacks, afterward kidnapping Victoria. Both of their lives are about to change as they wed and must adjust to their passion and overcome their painful distrust fashioned from years of historical animosity. Misunderstandings frequently fraught their relationship such as the secrets Grant hides. More than one character is living with a history of being unwanted, and this novel goes a long way to depicting the healing that can occur. At the same time Grant is joining William Wallace in the fight for Scottish freedom. Irony indeed that laces the history of England and Scotland. Very nicely done, Leanne Burroughs! - Viviane Crystal, The Best s, June 26, 2004 Highland Wishes is every reader's dream of the perfect story! Burroughs has penned a majestic tale filled with romance, history and adventure. Wonderfully written, with vibrant characters, this story is a masterpiece of historical fiction. This reviewer especially enjoyed the Scottish words and phrases, which will cause readers to "hear" this Gaelic lilt in their minds. The stubbornness and superstitions of these people are told with a touch of humor and wonder. - Joyce Handzo, In the Library s, 2004 This reviewer found that this book was a wonderful story set in a time when tension was high between England and Scotland. Burroughs writes a well-crafted story, with multidimensional characters and exquisite backdrops of Scotland. The story line is a fast-paced tale with much detail to specific areas of history. The reader can feel this author's love for Scotland and its many wonderful heroes. This reviewer was easily captivated by the story and was enthralled by it until the end. The reader will laugh and cry as you read this wonderful story. The reader feels all the pain, torment and disillusionment felt by both main characters, but also the joy and love they felt. - Dawn Roberto, Love Romances, 2004 HIGHLAND WISHES is a meaty, Scottish historical romance. The transports you to a new place, a new time, and holds your attention from beginning to end. - Tracy Farnsworth, Roundtable Kurzbeschreibung Re-edited and Updated! HIGHLAND WISHES is a meaty, Scottish historical romance. The transports you to a new place, a new time, and holds your attention from beginning to end. - Tracy Farnsworth, Roundtable

Synopsis With the Scottish War for Independence raging, a young laird heads to the Scottish/English border to avenge his father's brutal murder. After kidnapping his enemy's daughter, he whisks her away to his Highland castle, where they wage their own war - of strong wills and growing emotions - as strife intensifies between their countries. Seemingly doomed by their differences, can two people find happiness in each other's arms with such enormous odds stacked against them - or is theirs a love to last through the ages? "A winner in the 2004 Reader's and Bookseller's Best - Published Laurie's"
