Von Bonnie K. Winn : His-and-Hers Family before purchasing it in order to gauge whether or not it would be worth my time, and all praised His-and-Hers Family:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. A keeper for sure! Von Ein Kunde This book is fabulous. It explores the depth of love two people can share when there are precious children involved. This is what I call a 'whole' love story, with all the levels of love brought in, all the aspects that keep you reading page after page, never wanting it to stop. I just can't say enough about this book which I've recently learned is up for an award. If you don't read another book this summer, read His and Hers Family.
