Gefhlvolle GeschichteVon Leseratte20ber zwei junge Mnner, die sich durch eine Uhr kennenlernen, eine demenzkranke Gromutter und ein Familiengeheimnis. Mehr mchte ich gar nicht schreiben, denn die Geschichte ist auf jeden Fall lesenswert- viel Spa dabei!0 von 0 Kunden fanden die folgende Rezension hilfreich. Nice short storyVon QuerleserIt is a short story, so it is no surprise that there are no ups and downs, no complications and no overly deep

story line. It is a nice little romance with two lovely MCs, nice minor characters and a straight forward story. Perfect for a lazy Sunday morning breakfast. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Story ok. Epilogue heartbreaking. Von EvaThe Epilogue was better than the actual story. I mean the story wasn't bad either, but the epilogue was ten times better. Heartbreaking. Without the great epilogue it would have gotten 2 stars.

She loves writing and spends far too much time doing it, but wouldn't have it any other way. She is many things; a mother, a wife, a sister, a writer. She has pretty, pretty boys who live in her head, who don't let her sleep at night unless she gives them life with words. She likes it when they do dirty, dirty things...but likes it even more when they fall in love. She used to think having people in her head talking to her was weird, until one day she happened across other writers who told her it was normal. She's been writing ever since...
