A Heart-tugging NailbiterVon Ein Kunde"His Only Son" is a book that combines strong emotion and a twisty mystery into a read that's not to be missed. The story of a man and woman united when his son turns out to be her kidnapped child, it not only is moving, but a real pageturner when it comes to the intrigue element. There is a lot that needs to happen to make the romance believable in a situation like this, and Roberts pulls it off with ease. The dialogue is great, with banter that's thankfully based on real emotion instead of sniping and innuendo. Parts of the story are so honest and raw they're almost painful to read, but in the end, the reading experience is much more rewarding because we've come through it all with the characters. The rest of the Landry brothers are introduced in subtle ways that indicate Ms.

Roberts has some interesting tales in store for us. A red hot start for a series that finds this favorite author in top form. 0 von 0 Kunden fanden die folgende Rezension hilfreich. The Landry Brothers Von Customer I love books that continue a group of characters. Sometimes one book just wets your appetite and you wish the author had had time to get into everyone..... This is the first of six brothers...and kept me "INTRIGUED"....looking forward to working thru the 6 brothers one at a time....only complaint...spread too far apart on the market....As an avid 6-10 books a week from paperback to hardcover...from romance to science fiction....I hate waiting for long periods of time for followup books... 0 von 0 Kunden fanden die folgende Rezension hilfreich. A great start to a great new series Von Ein Kunde This tale of parental devotion has lots of twists and turns. Sam Landry is to die for and if he's any example of the 7 Landry Brothers in this series, I can't wait for the other 6. As always, Ms. Roberts' humor shines through and her dialogue is sheer perfection. That's what makes her characters and her stories so memorable. I highly suggest you order this and get in from the very beginning!
