KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. amazing readVon Philomena(Cheekypee)Natasza Waters is one of my favourite authors. I absolutely love her Code Name series re-read them whenever I can. When I heard she was writing another book I was super excited. I had every faith that Natasza wouldn't disappoint me. This story blew my expectations out of the water.I loved every word of this book.

I'm not the type that cries while reading lots of books. However the tears rolled down my face during this read. I felt the characters emotions and I loved how the author portrayed them as real people. The storyline is epic. No I'm not giving anything away about the storyline. I feel you gotta just jump in and feel this story. Mika and Cain are the main characters. I absolutely loved them both. Cain is my new book boyfriend. Yes he's mine. The author added this to the end of her book description...(Dedicated to the millions of people who are unique, not flawed, by Psoriasis and other skin diseases.) No truer words have been said. Natasza thank you for making me FEEL another story. You owe me a box of tissues lol

Perched on the cliff, her mysterious landlord lives alone in a stately glass house, although his home is transparent, theres no penetrating the blue abyss of Cains eyes or the coldness of the striking man who disappears for days at a time. Women are Cains business. The fantasy he sells has made him a wealthy but empty man. Within a short time, hes lured by Mikas beguiling spirit. When life cracks its whip at her, hes there to catch her. Discovering her secret, he teaches her passion, but its her love he desires, not her flesh. To keep her, hell have to confess his past sins and convince her that beauty is more than skin deep. (Dedicated to the millions of people who are unique, not flawed, by Psoriasis and other skin diseases.)
