Von Lana McGregor : His Roommate's Pleasure before purchasing it in order to gage whether or not it would be worth my time, and all praised His Roommate's Pleasure:

Kurzbeschreibung It started with an accidental click but where will it end? Desperate to turn in a paper, Adam borrows his roommate's computer and mistakenly opens a folder that contains Josh's collection of porn. Adam had no idea that his jock roommate was gay and into leashes, paddles and domination. And Adam, an inexperienced virgin who's only ever kissed one guy, is surprised to find himself curious about submitting. Josh can't believe that his roommate discovered his spank bank and he can't believe that Adam is so turned on by the thought of giving up control to someone. Taking a chance, he offers to look through the photos with Adam and maybe try acting some of them out. Night after night, the boys delve into their darkest fantasies of domination and submission. And as lust and experimentation grow into the promise of something deeper, Adam must decide if he's brave enough to tell Josh how he feels. 30,000 words
