because..Von Pushmedown15it was simply too short. I know that it is probably supposed to be a short story for christmas, but still a little more would have been nice. But as always, I liked the story and it was interesting to see that the author still has new ideas (** spoiler**)Also I like that Nana is in the story as well working her magic and you can see how much the family has grown over the multiple books.0 von 0 Kunden fanden die folgende Rezension hilfreich. KurzbeschreibungIts Christmas Eve at Nana Dombrusos house, and a wild party is in full swing. Gangsters, strippers and Nanas gay homosexuals are certainly bringing the holiday cheer. But all I can think about is what will happen when I see Constantino Dombruso again.Connie and I have a very long, very complicated history. The last time I saw him, he'd been hired to carry out a hit on my brother Luca and me. He didnt go through with it, but the tension between us is at an all-time high.His life has been on a troubling trajectory over the last decade. But the fact is, Connie got under my skin a long time ago, and despite everything, the attraction between us has always been electric. When we see each other tonight at the party, there could be fireworks or gunfire. It could go either way.***This holiday novella features characters from Alexa Lands best-selling Firsts and Forever series. Its told from Andreos perspective, who was introduced in All I Believe, the 10th book in the series. It can also be enjoyed as a stand-alone. This gay erotic romance is approximately 21,000 words in length. It contains graphic sex and is only intended for adult readers.***KurzbeschreibungIts Christmas Eve at Nana Dombrusos house, and a wild party is in full swing.
