Revelations Von M Sockel O-M-G. This is the big one that I have been waiting for. Netty is BACK!!!! Don't want to be a spoiler but you will not believe where she has been and the revelation about what really happened when she was murdered. What a tremendous blindside. This author has got what it takes!!!! The bombs are dropping but survivors are safe thanks to Netty and Baby with Abby and Echos help. Identities have been revealed and the truckers are in shock. What a surprise to find yourself on the bottom of the food chain. And what are the tendrils that creep from the walls at night to sink into the bodies of the survivors AND the wildlife?\*\*\*A special thank you for the most beautifully written scene- the death of poor Barney, the dog that got left behind when the bombs dropped. I couldn't stop crying. I was THERE! (surprising outcome, another blindside with tears of joy) This series is one of the most spellbinding and original I have ever read. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Amazing and shocking! Von Lauren Alumbaugh I was gifted a copy of this book by the author. This book took a few chapters to suck me in, but once it did I could not put the book down. You continue to follow the group through the end of our world and into a new world. The few people left are savages that take what they want no questions asked. The author has an amazing talent and ability to pull you into the characters lives and make you feel everything they feel. This book is not like the previous ones! Just a heads up there are rape scenes and violence however they fit into the story and don't get overly graphic.
