Von Maren Smith : Holding Hannah (Masters of the Castle Book 1) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Holding Hannah (Masters of the Castle Book 1) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. Masters of the castle Von Renate H. Diese Kurzgeschichte erzählt von den Schwierigkeiten bei der Eröffnung eines neuen BDSM Resorts. Und die Geschichte von Hannah und Sam. Hannah hat psychisch mit sich und Ihrer Umgebung zu kämpfen. Sam erkennt die Sub in ihr. Die Geschichte ist flssig geschrieben. Was mir fehlt, ist die Glaubwürdigkeit der Handlung.

Auch die Beschreibung der (einzigen) Session ist für mich nicht ausreichend gewesen. Die Charaktere sind nicht ausgearbeitet, keine Hintergrundinformation, warum z.B. Hannah ihren "Tick" hat. Die Idee dieser Serie gefällt mir und hat Potential. Daher werde ich mir den nächsten Band auch besorgen, und hoffe, dass ich dann mehr Sterne vergeben kann;-)

Kurzbeschreibung Welcome to The Castle. Hannah Alder used to know who she was. She used to be strong, have confidence...then the thing happened, and suddenly Hannah seems to have lost everything including herself. Freshly-released from her father's hospital, she is banished from home, sent to live with an uncle who puts her to work for the summer, interning under the chief building inspector in a small Ohio town. No one knows her, yet - somehow - everyone seems to know exactly why she's there. It's while on the job that Hannah first discovers The Castle, a massive stone structure set in the wheat fields of Ohio. It's soon-to-be THE vacation destination for the kink-inclined...if the Doms who run it can ever get it properly permitted and licensed, but Hannah's nasty boss is determined that that will never happen. While on an inspection visit, one Dom in particular catches Hannah's eye: Master Sam--strong, dark, wickedly-attractive, every inch of him the very last thing someone like Hannah needs in her life. Sam Cooper sees Hannah coming a mile away, looking horribly out-of-place in a poorly-fitted business suit, Girl Friday to the building-inspector who's determined to shut them down before they even open. Sam is experienced in the BDSM world, a partner in a major kink-friendly resort definitely not his first rodeo. Yet what he sees in Hannah's astonished eyes as he gives her a private tour of The Castle makes him do something he can't believe: he slips her his business card. Will Hannah call? Of course not. Not when she's working so hard to get back everything she's lost. She's getting better after all. Sometimes what you fight the hardest, is what you need the most. **Publisher's Note:** While this is the first book in Maren Smith's hugely popular Masters of the Castle series, it can be read as a standalone, as can all the others. The series numbers are just a guideline as to recommended reading order.
