achiever, and got exactly what over achievers get - sick with an ulcer! Her life is working for her, she is an accountant and working her way up the corporate ladder. Just when she thinks she has climbed the last rung, the ladder comes crashing down around her. After getting sick, facing federal criminal charges, and being forced to work full time in the shop her and her sisters started up, does she find her dream and she holds on tight to it at the end, and not only becomes happy and content in her business world, but of course in her love life also! This is truly the best of the trilogy, but you have to read them in order to truly appreciate the sisters and the family they came from.0 von 0 Kunden fanden die folgende Rezension hilfreich. A delightful portion of a romantic trilogy by RobertsVon Ein KundeNora Roberts has won me over with her ability to romance her readers. Her characters become part of your reading life, full of struggles and successes. Her trilogies grip you so that you the reader anxiously jump forward to the next saga. This trilogy regarding the lives of three beautiful women is complete entertainment. I highly recommend the reader starts with "Daring to Dream" , book one of the trilogy, then goes on to "Holding the Dream" and concludes with "Finding the Dream" You'll be cheering these heroines on through out the trilogy, feeling their emotions, and the love they cherish between them0 von 0 Kunden fanden die folgende Rezension hilfreich. An amusing read Von Ein Kunde There are other Nora Roberts books that I have liked better, but as always this author can be depended upon to deliver exactly as promised. This was the amusing, enjoyable, emotional read I expected it to be. While I definitely preferred Roberts' previous Irish trilogy, especially BORN IN FIRE, I still gobbled this book right down. Part of Roberts' appeal is her ability to depict family relationships. By now, I feel I know the Templeton family as well as I do my own. I will certainly be looking out for Laura's story when it arrives

Kurzbeschreibung Surrounded by the sweeping cliffs and beauty of Big Sur, California, Kate Powell treasures her life at Templeton House and the family who raised her like one of their own. Although Kate lacks Margo's beauty and Laura's elegance, she knows she has something they would never possess - a shrewd head for business. Driven by ambition, Kate measures her life's success with each soaring promotion. But now faced with accusations of professional impropriety, Kate feels that she has lost everything she's worked so hard for. Which is when Byron DeWitt walks into her life and Kate is forced to reevaluate exactly what it is she's fighting for..de This book is the second in a trilogy. Raised together, Kate, Margo, and Laura are as close as real sisters, and when in need they return to Templeton House, their home and sanctuary. Kate finds herself running there when she is accused of embezzlement. That is not the only trial Kate faces; she suffers silently with a family secret she recently discovered. Practical to a fault, she intends to handle things her own way and in her own time, even if her stubbornness makes her ill. Byron De Witt, however, has other ideas. Nora Roberts is truly a gifted storyteller, and none of her books will disappoint. If you missed the first book in the trilogy Daring to Dream, hurry and get it. You don't want to miss Margo's story. Laura's story, Finding the Dream will be released in August 1997..com This book is the second in a trilogy.
