Von Katherine Stone : Home at Last (Home at Last Trilogy - Book One 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Home at Last (Home at Last Trilogy - Book One 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Katherine Stone has written better books.Von Ein KundeThis book was not her best writing. It was overly emotional. The "herione" was an emotional wreck and frankly I got tired of reading the too descriptive paragraphes (pages) of her emotional problems. The "hero" of the book seemed a bit cold and he too had pages of emotional problems. I can't

possibly see any man falling in love with a woman like her. The ending was totally unbelievable and made me wonder why I bothered to read the whole book. If you want to read a better book by this author try Pearl Moon.

Von Ein Kunde Katherine does an excellent job of building you up to the climax of the story but the romantic ending was a bit over done. She could have dedicated more time on the bad guy, letting you get to know him a little better instead of the paragraph explaining why he turned out the way he did at the end of the story. The characters were believable and their romance was believable but the ending was just a little too sweet. She is still my favorite contemporary writer. I hope that I enjoy A Midnight Clear as much as I did Twins.

Portraits of characters were pathetically overly dramatic. I was unable to follow any conversations since they were interrupted by long flashbacks of past events and mystic overtones that just didn't make sense. I must admit that I skimmed over the last half, trying to find something redeeming about the book rather than just put it down. I should have given up after the first twenty pages of awful writing style and, of course, saved my money in the first place!

KCOR's new anchorwoman, Galen Chandler, is, to put it kindly, a disaster. She has none of the sophistication, education, or presence of New York's beloved Marianne McLain, KCOR's long-time anchor who has recently died of cancer. But mysteriously, Galen has been offered the job of a lifetime and is trying hard to make a go of it. When she lands an exclusive interview with reclusive Lieutenant Lucas Hunter, New York's best police negotiator, during a touchy hostage situation at a local hospital, Galen cannot bring herself to report the scoop that would cement her career but endanger the life of one of the young hostages. Lucas, drawn to the young reporter in spite of his conviction to remain impartial, finds himself in the position of protecting Galen when the serial killer preying on the women of Lucas's past draws her into the twisted plot. Close quarters and an inexplicable mutual attraction work their magic on Lucas and Galen, binding them together forever. While a few improbable plot points may occasionally distract the reader, the compelling characters and lovely romantic relationship that develops between them make for an enjoyable read. --Alison Trinkle Kurzbeschreibung This is what I want, she thought.
