**Von Jordan Nasser : Home is a Fire (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Home is a Fire (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Must ReadVon jacqueline leichYou won't want to miss Jordan Nassers remarkable debut, a heartwarming novel of friendship , family and love.I've never read gay fiction, but the characters are so realistic and human, you want to be friends with them too.I'm looking forward to Jordan Nassers next book. Tolles Debut des Autors Jordan Nasser, ein

rhrender Roman ber Freundschaft, Familie und Liebe. Ich habe noch nie eine homosexuelle Liebesgeschichte gelesen, aber ich muss sagen, die Charaktere sind so real und menschlich, dass man sie gerne als Freunde htte.. Bin gespannt auf ein hoffentlich bald kommendes nchstes Buch von Jordan Nasser. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Beautiful characters Von BG This is not a book I would have been drawn to from its description, but I watched the video of the author reading the first couple pages and it made me chuckle, so I thought I'd take a chance. Pleasantly surprised at how real each of the characters feel. And while I can't relate to the primary theme, I felt myself relating to elements of each character and especially the various emotions (everyone has hurt and lost along the way). And if you were born in the late 70s or early 80s you will be taken back to a lot of fond memories in the form of musical references. And while there are parts that hurt, it is very funny. 0 von 0 Kunden fanden die folgende Rezension hilfreich. NY Von Alka E. I lived in NY and the characters seemed familiar to me. I love the way the author describes the protagonists and made me get to know them. I have never read a gay novel but this book is more than that. Really enjoyed it. can't wait for the next Nasser Book

Kurzbeschreibung Most people would look at Derek and say hed made it in life. A fun job, a handsome boyfriend, and an exciting life in New York City. But one night, staring at his reflection in the window of the subway as it barrels down Lexington Avenue, Derek realizes hes fooling himself and everyone else, too. Derek gets off the train and goes home. Only not home to his tiny Manhattan apartment, but home to Tennessee which is definitely not NYC. Home to his family and to all the other people he knows, or thinks he knows, and who think they know him. Home to football games, and dive bars, and high school buddies who have known him forever. Home to old situations and to new possibilities. At turns lighthearted, poignant, and surprising, Home Is a Fire is a delightful read for anyone who believes that whoever said You cant go home again was mistaken. Its just not exactly how you pictured it. Kurzbeschreibung Most people would look at Derek and say hed made it in life. A fun job, a handsome boyfriend, and an exciting life in New York City. Its just not exactly how you pictured it. ber den Autor und weitere Mitwirkende Jordan Nasser left his dream job behind and took the opportunity to re-examine his life an experience he highly recommends if you ever have the chance. A graduate of the University of Tennessee, he was raised in the South before moving to New York City. He currently lives and writes in Stockholm, Sweden and Nice, France. In his debut novel, Home Is a Fire, he drew upon his experiences as a gay man in the South. Outstanding reviews placed the book on the top ten rated LGBT fiction list. That story continues in his second novel, The Fire Went Wild. [www.jordannasser.com](http://www.jordannasser.com)
