report. *Homeland* is a great book by R.A. Salvatore, one of my favorite authors. It is a compelling novel about a Drow Elf named Drizzt. I liked how it showed good versus evil but in an original way, and how detailed and exciting the fights were. The one thing I liked best is reading more about Drow Elves who are the best fantasy race in my opinion. I would recommend this book to anyone who likes an exciting storyline and interesting fights. 3 von 3 Kunden fanden die folgende Rezension hilfreich. It was so good I read it twice. Von Ein Kunde This book is crammed full of brilliance and wonder. It has adventure and action that would make your head blow off. I would recommend this book to anyone who could read it because it makes your imagination soar. I think this would go well for everyone who doesn't mind sword fighting, spell casting, and evil monsters. This story takes place in a realm that is in the depths of earth called the Underdark. It centers on a Drow. (Drow are elves with dark skin and white hair. They are cousins to the elves that live on the surface.) Most Drow live in the huge city of Menzoberranzan where a lot of the story occurs. The Drow that the story centers on is named Drizzt Do'Urden and you will meet his friends, family, companions, and enemies. It talks about what he goes through living in the city and what he feels about his people and their ways. This book is full of surprises and turns. Another thing that is awesome is the conclusion to the story is great and it's part of a trilogy called "The Dark Elf Trilogy" so after you're done with the book there is more action to come. This book swept me off my feet and I couldn't put it down. It was so good I read it twice. This book didn't have any problems with it but if I have to say a bad aspect it would be that in the beginning you don't quite understand what is going on, but shortly after everything falls into place. The best aspects are how well they describe the fights and the surroundings that the elves encounter. This is one of the best books I have ever read and I give it five stars. I hope that you will enjoy this book as much as I have because it's a keeper. 0 von 0 Kunden fanden die folgende Rezension hilfreich. The beginning of an excellent saga.... Von R. Madrilejos "Homeland" is one of the most excellent novels I've ever read. I read it for the first time 9 years ago and I've not come across another novel yet that has touched me in the manner this book has. The novel, about the childhood and past of one of the Forgotten Realms' most beloved characters, Drizzt Do'Urden, is a novel of intense passion, of intense inner turmoil, of intense character. It's a prequel to the *The Icewind Dale Trilogy* and explains why Drizzt is the way he is - stoic and burdened yet content and happy with his life. The storyline and plot are solid and phenomenally detailed as is the character development. The descriptions of the settings, the characters, the battles, the emotions create a novel that is gripping and exciting, while at the same time conveying a feeling of reflection and self-examination. Through his use of amazing detail, Mr. Salvatore allows the reader to feel Drizzt's pains, his triumphs, and his insatiable search for something good in his life. This is a complete novel; all aspects work well together and create a timeless Forgotten Realms story that is enjoyable on many levels. I highly recommend this book and consider it Mr. Salvatore's best novel.

Kurzbeschreibung Drow ranger Drizzt Do'Urden, first introduced in *The Icewind Dale Trilogy*, quickly became one of the fantasy genres' standout characters. But *Homeland* first reveals the startling tale of how this one lone drow walked out of the shadowy depths of the Underdark, leaving behind a society of evil and a family who want him dead. It is here that the story of this amazing dark elf truly began. **Kurzbeschreibung** Drow ranger Drizzt Do'Urden, first introduced in *The Icewind Dale Trilogy*, quickly became one of the fantasy genres' standout characters.
