**Von Radclyffe : Homestead (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Homestead (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. It's okayVon nschaI really liked the story and the characters but didn't like the end. It was too abrupt without closure to many of the issues introduced, I will always wonder how their search for gas will end and who hit Clay with the car. A couple of story lines were left hanging that would have added to the success of the book if they were also closed. My

rating would be a 3,5 for the suspense in some parts.

Kurzbeschreibung Tess Rogers grew up in the midst of chaos and uncertainty, but she always knew one thing to be true one day six hundred acres of prime farmland would be hers. Then she discovers not even that truth can be counted on. Tess's stepfather has kept important secrets, and Tess's dream of breeding a line of organic dairy cows suddenly goes up in a burst of smoke and flame. R. Clayton Sutter is an expert at managing just about anything money, businesses, and people. Getting NorthAm Fuel's newest shale refinery operational in the rolling hills of Upstate New York shouldn't be much of a challenge, but then, she hadn't counted on dealing with vandalism, petitions, and a woman she'd never expected to see again one who still haunts her dreams. When Tess and Clay square off on opposite sides of the heated debate, past and present collide in a battle of wills and unbidden desire.
