Whatever she puts out there I buy and I have yet to be disappointed."Hope's Folly" is an adventurous thrill-ride that had me turning pages faster and faster. It is part of an ongoing series, starting with "Gabriel's Ghost" and continuing with "Shades of Dark" though it is not

necessary to read them to understand the story. I do believe though, that it gives you a better background on the universe and the hero, Philipp, as he appears in the previous books. Linnea Sinclair has an engaging writing style that makes it easy to immerse yourself into her world. I could easily see her starports and ships and though I don't always get all the technical details she provides for her star ships and weapons I still love that she does it, because it creates a gritty and realistic feeling for space travel and propels her novels way out of league of any other sci-fi-romance writer out there! Her characters seem very real to me, too. Their actions match their personalities and what they say and do rings true. I very much enjoy reading about grown-ups for a change, as too many space-opera-like heroes and heroines populate sci-fi romances these days. No childish behavior or stupid actions in sight here, though, what a relief! I'm very glad to see that Ms. Sinclair will continue the series as the overall storyline that began in "Gabriel's Ghost" is not yet resolved. I would have loved to read another book with Philipp and Rya as main couple as their relationship has only just begun and their engaging and spirited personalities were lots of fun to read. Alas the next story is about Philipp's brother and I'm just as eagerly awaiting it! I highly recommend "Hope's Folly" and every other book by the very talented Linnea Sinclair!

Auerdem erfht man mehr ber die Protagonisten der vorangegangenen zwei Bcher und die Rahmenhandlung entwickelt sich weiter.

Kurzbeschreibung Enter a world where Polite, Professional, and Prepared to Kill is more than a motto Admiral Philip Guthrie is alive and kicking despite an Imperial kill-order with his name on it. Now hes leading a rebel alliance against the oppressive Imperial forces. Or he would, if he could get his command ship the derelict cruiser, Hope's Folly functioning. If lack of crew and supplies isnt trouble enough, his assigned bodyguard turns out to be former Imperial assassin Rya Bennton the daughter of his best friend and first commanding officer. A man whose death is on Philips conscience. Rya Bennton has been in love with Philip Guthrie since she was a girl. But can her childhood fantasies survive an encounter with the hardened rebel leader who is now her commanding officer? Or will her determination to destroy the Empire put not only their mission, but their hearts and lives in jeopardy? It's an impossible mission on a derelict ship called HOPE'S FOLLY. A man who feels he can't love. A woman who believes she's unlovable. And an enemy who will stop at nothing to crush them both.

Pressestimmen When it comes to futuristic romance, it doesnt get better than Sinclair! Romantic Times
