Adorable storyVon Simona Elena*Book provided by author in exchange for an honest review*Such a quick and enjoyable read, I absolutely adored it!!! When I read it I didn't know yet, how the cover would look like and when I saw it I fell in love with it. So beautiful.The storyline for once is totally different from the ones Im used from the chick-lit books.The fact that 35 year old Bonnie is a huge fan Holden Finn (23 years old, musician) and really fancies him, took me into the story completely.Bonnie has a 15 year old daughter, her name is Paige and she can be difficult sometimes, but I loved the relationship mother and daughter had in this book.Paige and her friend Annabell are huge fans of Holdens band and when they win a competition to meet them, Bonnie cant believe her luck. She gets to meet Holden Finn!!!The whole meeting and what follows doesnt turn out as expected and Bonnie has a total different opinion of Holden now.Then there is Max, the gorgeous deliveryman who seems to be into her. And what about Paiges dad? When Henri returns the real drama begins, what lots of ups and downs you can enjoy. There was never a dull moment in this book and some great surprises as well.I got a bit angry with Bonnies behaviour towards the end, with the decisions she was making, so thats why I can only give 4 cups of coffee.All in all, the story was vivid and fascinating. It did seem a bit too unreal from time to time. Nevertheless, its a must read and Im so glad a got the opportunity to read it.A funny, gripping and exciting novel.

KurzbeschreibungI loved this book. Tilly Tennant has an amazing gift for story-telling and Im sure were going to see great things from her in the future. Holly Martin (author of The Guestbook and The Sentinel)Charming, sweet, laugh-out-loud funny and absolutely unputdownable. Victoria Loves BooksIf you're a fan of Tracy Bloom and Sophie Ranald, you're going to love Tilly TennantTheres only one man for Bonnie, and thats Holden Finn. The problem is that Holden Finn is a twenty-three-year-old pop megastar with his boy band, Every Which Way, and has no idea she exists. Not only that, but half the women in the world want to be Mrs Finn, including Bonnies teenage daughter, Paige. The real men in Bonnies life do nothing but let her down, but a man you cant possibly have can never do that right? Then Paige wins a radio competition to meet Holden and the band, and Bonnies carefully-constructed world starts to unravel. She is about to find out that you should be very, very careful what you wish for

ber den Autor und weitere MitwirkendeTilly Tennant was born in Dorset, the oldest of four children, but now lives in Staffordshire with a family of her own. After years of dismal and disastrous jobs, including paper plate stacking, shop girl, newspaper promotions and waitressing (she never could carry a bowl of soup without spilling a bit), she decided to indulge her passion for the written word by embarking on a degree in English and creative writing, graduating in 2009 with first class honours. She wrote her first novel for young adults in 2007 during a summer break at university and has not stopped writing since. She also works as a freelance fiction editor, and considers herself very lucky that this enables her to read many wonderful books before the rest of the world gets them.
