Von Mickie B. Ashling : Horizons (Horizons Series Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Horizons (Horizons Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Once Upon a Time...Von amygdalaI am shocked that I, once upon a time, deemed this to be a four-star-read...(?! After re-reading this yesterday I totally have to change my rating here -- although I usually stick with a rating once given.So, this was pretty much one of the first M/M Romance books I ever laid eyes on, and I liked it, back then. (Lack of

comparable books and age, I totally blame it on those^^)So yeah, I liked it then. Not so much, anymore. Too whiny main characters, literally. It's like these characters start crying every 10 minutes for lack of better things to do. Even when having a really bad emotional day while PMS'ing I totally cry a hundred times less than those teary-eyed supposedly manly girly guys. Not to mention the cliché, over-the-top plot and the evil, homophobic, controlling monsters that are Clark's parents, the crazy, obsessed, dependent stalker-ex-girlfriend Nikki (a character with no credibility at all, even without the sudden redeeming turn she takes at the very end of the book), or the very convenient, unbelievable, almost-out-of-nowhere HEA. Duh. 0 von 0 Kunden fanden die folgende Rezension hilfreich. nice story with a hot jock and a hot doctor Von Customer I loved this story a nice beginning the tension and love between the two characters a very dramatic climax and the happily ever after of course!

Kurzbeschreibung 2nd Edition Horizons Series: Book One Twenty-three-year-old Clark Stevens, a popular wide receiver with a potential NFL contract, has a few problems. He's got a jealous girlfriend, a narrow-minded and controlling father, an attention problem, and an unexpected and powerful attraction to the trauma doctor the male trauma doctor who treats him for a broken bone. Dr. Jody Williams is getting some really mixed signals. He can't ignore how much he wants Clark, because it's obvious Clark feels the same way. For the out and proud doctor, the solution seems very simple. For Clark, it's not! His world is not gay-friendly, and the obstacles he's faced have led him to deny his sexuality for years. It's the Super Bowl of disasters, no matter how you look at it. In the end, Clark has to decide if he's going to stick with the only life he's ever known or take a chance on a new one with Jody. 1st Edition published by Dreamspinner Press, April 2009.
